

LakeVille Memorial High School Annual Education Report (AER)

May 30, 2018

Dear Parents and Community Members:

We are pleased to present you with the Annual Education Report (AER) which provides key information on the 2016-17 educational progress for LakeVille Memorial High School. The AER addresses the complex reporting information required by federal and state laws. The school's report contains information about student assessment, accountability, and teacher quality. If you have any questions about the AER, please contact Kelli-Ann Fazer, Principal, for assistance.

The AER is available for you to review electronically by visiting the following [website](#) or you may review a copy in the main office at your child's school.

For the 2016-17 school year, schools were identified using new definitions and labels as required in the Every Student Succeeds Act (ESSA). A Targeted Support and Improvement (TSI) school is one that has at least one underperforming student subgroup. An Additional Targeted Support (ATS) school is one that has three or more underperforming student subgroups. A Comprehensive Support and Improvement (CSI) school is one whose performance is in the lowest 5% of all schools in the state. Some schools are not identified with any of these labels. In these cases, no label is given.

Our school was not given any of these labels.

Data from our combined report shows that our 11th grade females outperformed their male counterparts on the 2015-2016 SAT in the areas of math and evidence-based reading and writing. Our data also shows that we still need to work to close the achievement gaps with teaching strategies and additional support time. Our 2016-2017 M-STEP data shows no growth or decline in the area of social studies.

State law requires that we also report additional information. Students are assigned to LakeVille Memorial High School upon successful completion of 8th grade at LakeVille Middle School. We also accept School of Choice students from surrounding districts. All students in grades 9-12 attend LakeVille Memorial High School.

Our school improvement goals include improving math, writing proficiency, and attendance. Our data shows that we are making gains overall in these targeted areas. We will continue to work on the subgroup population within these goals.

The Genesee Intermediate School District (GISD) and twenty-one (21) local school districts in Genesee County provide a variety of special education students. Special education programs are available to Lakeville Memorial High School students. The goal of special education is to ensure that students learn the skills needed to function independently in the community. Students are placed in special education through the Individual Education Planning Committee process. Parents, local educators, and the GISD staff analyze data and develop programs for each student. Individualized programs are tailored to meet each child's needs.

The number and percent of students represented at parent-teacher conferences has declined each year. We believe that this is due in large part to the increase in the number of parents who have taken advantage of the parent portal of our student information system. On a weekly basis, parents are automatically notified of their child's grades. Additionally, we make daily automated phone calls regarding student absences.

In 2015-2016, we had 57 of 428 students (13%) in AP courses, and 13 of those students chose to take the AP exam and 3 received a score on the AP exam which earned them college credit. In 2016-2017, 56 of 424 students (13%) were enrolled in AP courses.

In 2016-2017, 49 of 424 students (12%) were enrolled in dual enrollment courses.

We are working to increase our graduation rate as well as the number of students going on to post-secondary education. We are proud of the progress we are making at Lakeville Memorial High School, and we continue to strive for excellence. Our students are our number one priority, and we work every day to ensure they have the essential knowledge and skills to realize their dreams following high school.

Sincerely,

Kelli-Ann Fazer
Principal
Lakeville Memorial High School
