Consent for Disclosure of immunization information to local and state Health Departments

Immunizations are an important part of keeping our children healthy. Schools and State and Local Health departments must monitor immunization levels to ensure that all communities are protected from potentially life-threatening diseases and, if necessary, responding promptly to an emerging public health treat. It is important that diseases threats be minimized through the monitoring of students being immunized.

Sharing immunization and personally identifiable information including the students name, Date of Birth, gender and address with local and state health departments will help to keep your child safe from vaccine presentable disease. The Family Education Rights and Privacy Act (FERPA), 20 U.S.C. 1232g, requires written parental consent before personally identifiable information from your child’s education records is disclosed to the health department. If your child is 18 or over, he or she is an eligible students and must provide consent for disclosure of information form his or her education records.

You may withdraw your consent to share this information in writing at any time.

I authorize LakeVille Community Schools to release my child’s immunization record to the Michigan Department of Health and Human Services and Local Health Department. I understand this information will be used to improve the quality and timeliness of immunization services and to help schools comply with Michigan Law. This includes and immunization information and limited to personally identifiable information from the school.

WHAT IS A CONCUSSION?

A concussion is a type of traumatic brain injury that changes the way the brain normally works. A concussion is caused by a fall, bump, blow, or jolt to the head or body that causes the head and brain to move quickly back and forth. A concussion can be caused by a shaking, spinning or a sudden stopping and starting of the head. Even a "ding," "getting your bell rung," or what seems to be a mild bump or blow to the head can be serious. A concussion can happen even if you haven't been knocked out.

You can't see a concussion. Signs and symptoms of concussions can show up right after the injury or may not appear to be noticed until days or weeks after the injury. If the student reports any symptoms of a concussion, or if you notice symptoms yourself, seek medical attention right away. A student who may have had a concussion should not return to play on the day of the injury and until a health care professional says they are OK to return to play.

IF YOU SUSPECT A CONCUSSION:

1. SEEK MEDICAL ATTENTION RIGHT AWAY - A health care professional will be able to decide how serious the concussion is and when it is safe for the student to return to regular activities, including sports. Don't hide it, report it. Ignoring symptoms and trying to "tough it out" often makes it worse.

2. KEEP YOUR STUDENT OUT OF PLAY - Concussions take time to heal. Don't let the student return to play the day of injury and until a health care professional says it's OK. A student who returns to play too soon, while the brain is still healing, risks a greater chance of having a second concussion. Repeat or second concussions can be very serious. They can cause permanent brain damage, affecting the student for a lifetime. It is better to miss one game than the whole season.

3. TELL THE SCHOOL ABOUT ANY PREVIOUS CONCUSSION - Schools should know if a student had a previous concussion. A student's school may not know about a concussion received in another sport or activity unless you notify them.

SIGNS OBSERVED BY PARENTS:

- Appears dazed or stunned
- Is unsure of game, score, or opponent
- Is confused about assignment or position
- Moves clumsily
- Forgets an instruction
- Answers questions slowly
- Hallucinations
- Losses consciousness (even briefly)
- Shows mood, behavior, or personality changes

CONCUSSION DANGER SIGNS:

In rare cases, a dangerous blood clot may form on the brain in a person with a concussion and crowd the brain against the skull. A student should receive immediate medical attention if after a bump, blow, or jolt to the head or body they exhibit any of the following danger signs:

- One pupil larger than the other
- Is drowsy or cannot be awakened
- A headache that gets worse
- Weakness, numbness, or decreased coordination
- Repeated vomiting or nausea
- Slurred speech
- Convulsions or seizures
- Cannot recognize people/places
- Becomes increasingly confused, restless or agitated
- Has unusual behavior
- Losses consciousness (even a brief loss of consciousness should be taken seriously)

HOW TO RESPOND TO A REPORT OF A CONCUSSION:

If a student reports one or more symptoms of a concussion after a bump, blow, or jolt to the head or body, s/he should be kept out of athletic play the day of the injury. The student should only return to play with permission from a health care professional experienced in evaluating for concussion. During recovery, exercising or activities that involve a lot of concentration (such as studying, working on the computer, or playing video games) may cause concussion symptoms to reappear or get worse. Students who return to school after a concussion may need to spend fewer hours at school, take rests breaks, be given extra help and time, spend less time reading, writing or on a computer.

2019-2020 EMERGENCY DISMISSAL TRANSPORTATION FORM

Student Name ____________________________ Grade ____________

Emergency school dismissal may happen during the school day. Power failures will cause the school phones to be inoperable. To notify parents of an emergency school dismissal, school closings will appear on Channels 12 and 5 as well as the radio stations listed in the student handbook. They may also appear on our Facebook page.

Please fill out this form in its entirety in order to provide the most safe, efficient, effective transportation and security for your child in case of an emergency dismissal.

Please choose ONE of the following options:

_______ My child should ride the BUS home.

_______ My child may drive home, or ride home with someone else.

Please talk with your student about the plans you will have in place for them to follow from the bus stop or when they reach home on days of emergency dismissal from school.

G Suite for Education and Other Services - Parent Permission Form

Classes in LakeVille Community Schools in grades K - 12 use many online apps and services to provide quality educational experiences for our students. It is common for such online resources to gather data from users for marketing and other purposes. Because of this we are required to have parents give permission to allow their child (if under the age of 13) to use the services. **Rather than get permission each time a service is required in a class, we created this form. It addresses all apps we use in two categories: G Suite for Education and other services not covered by the terms of the G Suite accounts. Here are some details.**

G Suite for Education

G Suite for Education provides students with many opportunities for learning in and out of the classroom. **At LakeVille Community Schools, students in grades 3 - 12 use their G Suite accounts (often referred to as “lakevillefalcons accounts”) to complete assignments, communicate with their teachers, sign into their Chromebooks, and learn 21st century digital citizenship skills.**

The tools can be accessed from any device with internet access and they involve Google’s privacy policies. Because of this, for students in grades 3 - 8, we require a parent or guardian to agree to the statement on the back of this document and provide a signature.

Full information about the G Suite apps (including a full notice on privacy from Google) can be found on our Technology Privacy Page. It contains some details not addressed specifically in this form. Access it with the QR code to the left or this URL: sites.google.com/lakevillefalcons.org/ lv-privacy-information

Here is some information about the accounts you need to be aware of:

- When this form is signed and returned (just once) to the school, it will be kept on record. From that time on, your son or daughter will have a G Suite for Education (lakevillefalcons) account.
- **Sharing in the Google Drive accounts is limited on accounts in grades 3 - 8.** This means students can only share their files and collaborate with other students and teachers in our district.
- **Students in grades 3 - 8 will not have lakevillefalcons Gmail access without additional parent permission.** High school students do have active Gmail accounts.

Since the account can be used in and outside of school, parents and students should also understand: **The Student's Responsibility:** Student use of Google Apps follows the expectations and disciplinary action outlined in the District's Acceptable Use Policy and Student Handbook. Although the Apps can be accessed outside of school, **any use of the Google account on the LakeVilleFalcons.org domain is bound by the same rules and guidelines as use of a LakeVille student account on the LakeVille network.** It must always be used for educational purposes just as if the student were in school.

**The School’s Responsibility:** Internet safety education will be included as part of introducing new web-based tools. In school, teacher supervision and school content filters are used as an attempt to prevent access to inappropriate content and to ensure that student use of digital tools follows the district rules referenced above. Student accounts can be accessed by domain administrators at any time. The district maintains the website shown above to provide updated information about the use of the services.

**The Parent/Guardian’s Responsibility** Parents and guardians assume responsibility for the supervision of Internet use outside of school. They are encouraged to discuss family rules and expectations for using internet-based tools, including Google Apps for Education. Parents and guardians are encouraged to report
any evidence of inappropriate use to the school. They should regularly check the LakeVille Technology Privacy Page (shown above) to be kept up to date with related information.

Google provides a complete notice for parents and guardians regarding privacy in their services. You can find it on the Technology Privacy Page at the link above. The notice provides answers to common questions about what Google can and can't do with your child's personal information.

** Apps and Services Other than G Suite**
The terms for the many other accounts we use are different, but you can always see what data a service collects and how it is used by reading the privacy policy at its website. To make these policies easy to find, we listed the many apps and services we use in grades K - 8 and links to their privacy policies. You can find this list on the Technology Privacy Policy Information page located here:
sites.google.com/lakevillefalcions.org/lv-privacy-information/apps-and-services

It is our goal to teach students safe and responsible practices when using online tools. We will make sure none of our assignments require students under the age of 13 to publicly publish work online that identifies them by first and last name.

**If you have any questions, please do not hesitate to contact Mike Petty, the district instructional tech coordinator. You can reach him at mpetty@lakevilleschools.org.

Please complete the information below and sign where indicated if you agree to the following statements regarding G Suite for Education and other services we use in the district. If you decide not to sign this form, we cannot make the necessary accounts for your child. We will contact you to develop a plan for completion of work without these services.

From Google, for G Suite for Education (lakevillefalcons.org) accounts (for grades 3 - 12):
I understand the responsibilities outlined in this document for me, my child and the district. I give permission for LakeVille Community Schools to create/maintain a G Suite for Education account for my child and for Google to collect, use, and disclose information about my child only for the purposes described in the notice that I can read at the link above. I also understand that the account is for educational purposes and that use must meet the expectations outlined above. Any misuse of the account will be handled as if it were done on the district network.

For other services we use (for grades K - 12):
I give my permission for my child (named below) to use the online apps and services listed on the district Technology Privacy Policy Information page for his or her school work. I understand that I can check that page (at the link above) and the privacy policies of the services at any time. I also understand my child will be expected to use the accounts in accordance to school rules outlined in the Student Handbook and the district technology user agreement. While reasonable supervision will be exercised at school, I understand the district is not responsible if my child uses the services for purposes other than those required for school work.

High School lakevillefalcons Agreement Form - Updated 5-4-2020

Please read these statements about your lakevillefalcons Google account so you'll understand what you're signing below.

1. My Google account gives me access to Google Drive, Gmail, Classroom and many other online services.
2. Any files I create or upload on my lakevillefalcons account can be shared beyond the lakevillefalcons domain. I should only do this as part of school assignments and shared files must not violate any school rules.
3. Files shared from users outside of the lakevillefalcons domain can appear in my Drive if I access them.
4. I will use this Google Apps account only for educational purposes related to class assignments.
5. I will not sign into other students' Google accounts.
6. I can change my own password for security purposes.
7. Regardless of when and where I access the lakevillefalcons account, all activity must be in accordance with school rules and the district technology user agreement. Any inappropriate use will be treated as a violation of those rules or the agreement.
8. My lakevillefalcons Gmail will only send/receive messages to/from LakeVille staff and students.
9. All student Gmail is monitored and my account will be deactivated if my messages violate school rules.
10. I understand I am responsible for all content stored on or associated with my lakevillefalcons account (including files in my Drive, Gmail, Sites and other services that use the account).
11. My Drive and other account services may be accessed and monitored by district administrators at any time.
12. School administrators may deactivate my lakevillefalcons account at any time and in such an event, I will not have access to its content.

Sign below to indicate you read and agree to the above statements. Accounts will be deactivated if a signed form is not returned to your seminar teacher.
