# **LAKEVILLE COMMUNITY SCHOOL DISTRICT**

The LakeVille Community School District was created in 1955 when three high school districts (Otter Lake, Columbiaville, and Otisville) and a number of primary districts consolidated into one district. The name LAKEVILLE is a result of the LAKE from Otter Lake and the VILLE from Otisville and Columbiaville.

The system is comprised of Columbiaville elementary school, a middle school, and a high school

The district encompasses approximately 100 square miles which are divided between Genesee and Lapeer Counties. There are three small villages located within the district: Otisville, Columbiaville, and Otter Lake. The district is classified as being a rural area, but there are very few “full time” farmers.

LakeVille is governed by a seven member Board of Education which meets the 2<sup>nd</sup> and 4<sup>th</sup> Tuesday of each month.

## **LakeVille School Song**

Hail to the Black and Gold  
Hail Falcons bold.  
Sing loud the praises and the  
Valor of LakeVille Schools  
March forward down the field  
We'll never yield  
We'll fight for honor  
And for victory  
FIGHT! FIGHT! FIGHT!

## **WELCOME TO LAKEVILLE COMMUNITY SCHOOLS**

This student/parent handbook was developed to answer commonly asked questions that you and your parents may have during the school year and to provide information about Board of Education policies and procedures. This handbook contains important information that you should know. Please take the time to familiarize yourself with the information provided and keep the handbook available for reference. If you have any questions that are not addressed, you are encouraged to talk to your teachers or the building principal. Responsibility for reaching our goal of providing all students with a rigorous and relevant Pre K-12 program of study that promotes educational excellence, challenges and supports student learning and critical thinking and prepares each of you to effectively function in a global community is a responsibility shared by all community members, students, staff, administration, and parents.

This handbook summarizes many of the official policies and administrative guidelines of the Board of Education and the Lakeville Community School District. To the extent that the handbook is ambiguous or conflicts with these policies and guidelines, the policies and guidelines shall control. This handbook is effective immediately and supersedes any prior handbook and other written material on the same subjects.

This handbook does not equate to an irrevocable contractual commitment with the student, but reflects the current status of the Board of Education policies and the Lakeville Schools' rules as of July 1, 2018. If the policies or administrative guidelines referenced herein are revised after July 1, 2018, the language in the most current policy or administrative guideline prevails.

**Step II - Present Your Concern to the Next Level**

The building Principal is the second person to contact if your concern/problem has not been resolved satisfactorily.

**Step III - Talk with the Superintendent of Schools**

Some problems are more complex and cannot be solved at the building level. If that is the case, please call the district office (591-3980) and make an appointment with the superintendent to discuss your concern.

School board members are elected to represent the interests of all students, parents and district residents. School board members do not have direct authority in day-to-day school operations. The Board of Education's primary responsibility is to make policies that guide the school district. They are available to hear your comments, but concerns should initially be handled at the building level.

**EQUAL EDUCATION OPPORTUNITY**

It is the policy of the LakeVille School District to provide an equal educational opportunity for all students.

Any person who believes that s/he has been discriminated against on the basis of his/her race, color, sex (including sexual orientation or transgender identity), disability, age (except as authorized by law), religion, military status, ancestry, or any other statutorily protected category (collectively, "Protected Classes") in its educational programs or activities should immediately contact the school district's compliance officer listed below:

Mike Lytle  
Superintendent  
810-591-3980

Kelli-Ann Fazer  
Director of Student Services  
810-591-3357

Complaints will be investigated in accordance with the procedures as described in Board Policy 2260. Any student making a complaint or participating in a school investigation will be protected from any threat or retaliation. The Compliance Officer can provide additional information concerning equal access to educational opportunity.

## **PARENT INVOLVEMENT IN THE SCHOOL PROGRAM**

The Board of Education recognizes and values parents and families as children's first teachers and decision-makers in education. The Board believes that student learning is more likely to occur when there is an effective partnership between the school and the student's parents and family. Such a partnership between the home and school and greater involvement of parents in the education of their children generally result in higher academic achievement, improved student behavior, and reduced absenteeism.

The term "families" is used in order to include children's primary caregivers, who are not their biological parents, such as foster caregivers, grandparents, and other family members.

Through this policy, the Board directs the establishment of a Parental Involvement Plan by which a school-partnership can be established and provided to the parent of each child in the District. The plan must encompass parent participation, through meetings and other forms of communication. The Parental Involvement Plan shall reflect the Board's commitment to the following:

### **A. Relationships with Families**

1. Cultivating school environments that are welcoming, supportive, and student-centered
2. Providing professional development for school staff that helps build partnerships between families and schools
3. Providing family activities that relate to various cultures, languages, practices, and customs, and bridge economic and cultural barriers
4. Providing coordination, technical support and other support to assist schools in planning and implementing family involvement activities.

### **B. Effective Communication**

1. Providing information to families to support the proper health, safety, and well-being of their children
2. Providing information to families about school policies, procedures, programs, and activities
3. Promoting regular and open communication between school personnel and students' family members
4. Communicating with families in a format and language that is understandable, to the extent practicable
5. Providing information and involving families in monitoring student progress
6. Providing families with timely and meaningful information regarding Michigan's academic standards, State and local assessments, and pertinent legal provisions
7. Preparing families to be involved in meaningful discussions and meetings with school staff.

### **C. Volunteer Opportunities**

1. Providing volunteer opportunities for families to support their children's school activities
2. Supporting other needs, such as transportation and child care, to enable families to participate in school-sponsored family involvement events

#### **D. Learning at Home**

1. Offering training and resources to help families learn strategies and skills to support at-home learning and success in school
2. Working with families to establish learning goals and help their children accomplish these goals
3. Helping families to provide a school and home environment that encourages learning and extends learning at home

#### **E. Involving Families in Decision Making and Advocacy**

1. Involving families as partners in the process of school review and continuous improvement planning via stakeholder surveys and student/parent compacts.
2. Involving families in the development of its district-wide parent involvement policy and plan, and distributing the policy and plan to families

#### **F. Collaborating with the Community**

1. Building constructive partnerships and connecting families with community-based programs and other community resources
2. Coordinating and integrating family involvement programs and activities with district initiatives and community-based programs that encourage and support families' participation in their children's education, growth, and development.

### **Implementation**

The Superintendent will provide for a comprehensive plan to engage parents, families, and community members in a partnership in support of each student's academic achievement, the District's continuous improvement, and individual school improvement plans. The plan will be distributed to all parents and students through publication on our website at [www.lakevilleschools.org](http://www.lakevilleschools.org) or other suitable means. The plan will provide for annual evaluation, with the involvement of parents and families, of the plan's effectiveness and identification of barriers to participation by parents and families.

Evaluation findings will be used in the annual review of the Parent and Family Involvement policy and to improve the effectiveness of the District plan.

### **Parent/Teacher/Student Organizations**

Parent/Teacher/Student (PTS) organizations are a vital part of Columbiaville Elementary. All parents are welcome to attend the meetings. For more information about the PTS, please contact the school offices.

### **Columbiaville Elementary**

#### **Insert COVID-19 Update/Protocols**

**Processes inserted.....Temperature scanning, safety protocols, mandates.**

To maintain the flow of instruction, leaving school early is discouraged. We realize, however, there are times when leaving early is unavoidable. If early dismissal is required, students must be picked up by someone listed on the emergency card and signed out in the office. Students leaving between 2:30pm-3:20 pm are considered absent for that time and will be documented as a .25 absence. Teachers are instructed not to release a child unless told to do so by the office. When going home or to authorized appointments, children must be checked out in the office by a person designated on the emergency card. The person checking the child out may be asked to provide proper identification.

If your child is an everyday pick-up, please sign up for a pick-up number in the office. Parents picking students up at the end of the day should arrive at the

school by 3:20 p.m. to sign their child out. Students being signed out daily will meet with their parents at the front entrance of the school. Be prepared to tell a school employee your student's check-out number. If you do not know the number, you will be sent into the office to sign the student out.

If the student is not an everyday pick-up, you will be issued a student pick-up pass by the office. Once you have this pass, students can be picked up near the main entrance at 3:30 p.m. This pass will need to be handed to a school employee before you leave the entrance area.

All parent pick-ups will meet parents after the dismissal bell rings. Students will not be called out of class after 3:20 p.m. unless it is an emergency. Parents are asked to wait in the front lobby for their students and not in the hallways or the gym.

### **Walkers and Bike Riders**

All students who walk or ride bicycles will be released before the buses depart.

**Students who arrive late must be signed in by the parent.**

**Parents who pick up their children early or at dismissal time must sign their children out.**

### **Elementary class parties/birthday treats**

#### **COVID plans, protocols, mandates etc.**

Class parties will be held to observe Halloween, Christmas, and Valentine's Day. Teachers will contact parents when help is needed in the planning of individual class parties. Please contact the teacher in advance if you do not want your child to participate in a particular holiday party due to personal or religious concerns. It is permissible to send birthday treats from home on your child's birthday. Please contact your child's teacher to make arrangements. All visitors must stop in the office to sign in as a visitor and get a visitor sticker that must be worn during the time spent in the building.

## **MIDDLE SCHOOL AND HIGH SCHOOL DAY**

### **LakeVille Middle and High School Schedule**

7:30 AM – 2:15 PM
-------------------

### **LakeVille Middle and High School ½ Day Schedule**

7:30 AM – 10:50 AM
--------------------

### **Middle and High School arrival**

The buses release students to the building at 7:15 A.M. Students must follow the designated walkway to the buildings. Parents wishing to speak with teachers at the beginning of the day or on dismissal need to report to the office to check for the teacher's availability.

### **Bike riding regulations**

The school discourages students riding bikes to school because of safety concerns. If it is absolutely necessary, students are to arrive at school before the buses arrive and immediately park bikes. Students are not to leave the middle school until all buses have left the parking lot. Students are not to ride around the bus parking lot or school buildings.

### **After school activities**

Students may only stay after school under the direct supervision of a staff member.

## **STUDENT RIGHTS AND RESPONSIBILITIES**

The rules and procedures of the school are designed to allow each student to obtain a safe, orderly, and appropriate education. Students can expect their rights to freedom of expression and association and to fair treatment as long as they respect those rights for their fellow students and the staff. Students will be expected to follow teachers' directions and to obey all school rules. Disciplinary procedures are designed to ensure due process (a fair hearing) before a student is removed because of his/her behavior.

Parents have the right to know how their child is succeeding in school and will be provided information on a regular basis and as needed, when concerns arise. Many times it will be the student's responsibility to deliver that information. When necessary, the mail or hand delivery may be used to ensure contact. Parents are encouraged to build a two-way link with their child's teachers and support staff by informing the staff of suggestions or concerns that may help their child better accomplish his/her educational goals.

Students must arrive at school on time, prepared to learn and participate in the educational program. If for some reason this is not possible, then the student should seek help from the building principal.

- Adult students (age eighteen (18) or older) must follow all school rules.
- If residing at home, adult students should include their parents in their educational program.

## **STUDENT WELL BEING**

## **COVID Updates**

Student safety is the responsibility of the staff. All staff members are familiar with emergency procedures such as fire, lock down, and tornado drills and accident reporting procedures. Should a student be aware of any dangerous situation or accident, s/he must notify any staff person immediately.

State law requires that all students must have an emergency medical card completed, signed by a parent or guardian, and filed in the school office. A student may be excluded from school until this requirement has been fulfilled.

Students with specific health care needs should deliver written notice about such needs along with proper documentation by a physician, to the school office.

It is expected that all children go outside with their class at recess time. Occasionally, requests are made to keep children inside during recess. We are unable to honor these requests unless they are accompanied by a doctor's directive. These children must come to the office as child safety demands that the children be supervised at all times.

## **INJURY AND ILLNESS**

### **COVID Updates**

Students who become ill during the school day should request permission to go to the office. An appropriate adult in the office will determine whether or not the student should remain in school or go home. No student will be released without parental permission.

All injuries must be reported to a teacher or the office. If minor, the student will be treated and may return to class. If medical attention is required, the office will follow the School's emergency procedures.

If all efforts have been exhausted to reach the parents or guardians, or their designated representative, and the illness or injury is believed to be serious enough to require immediate medical attention, the building administration will arrange for the student to be taken to a doctor or hospital for treatment. This action does not obligate the school or its representative of any financial responsibility for the treatment of the student.

### **Homebound Instruction/Hospitalization (Extended Illness/Injury)**

#### **COVID Updates**

The district shall arrange for individual instruction to students of legal school age who are not able to attend classes because of a physical or emotional disability.

Parents should contact the school administration regarding procedures for such instruction. Applications must be approved by the building principal. The district will

provide homebound instruction only for those confinements expected to last at least five (5) days.

Applications for individual instruction shall be made by a physician licensed to practice in this state, parent, student, or other caregiver. A physician must: certify the nature and existence of a medical condition; state the probable duration of the confinement; request such instruction; present evidence of the student's ability to participate in an educational program.

## **SECTION I - GENERAL INFORMATION**

### **ENROLLING IN OUR K-12 SCHOOLS**

In general, state law requires students to enroll in the school district in which their parent or legal guardian resides

- unless enrolling under the district's School of Choice programs.
- unless enrolling and paying tuition.
- Homeless students who meet the federal definition of homelessness may enroll under the direction of the District Liaison for Homeless Children.

New students under the age of eighteen (18) must be enrolled by their parent or legal guardian. When enrolling, parents must provide copies of the following:

- A. a birth certificate,
- B. court papers allocating parental rights and responsibilities, or custody (if appropriate),
- C. proof of residency,
- D. proof of immunizations

Under certain circumstances, temporary enrollment may be permitted. In such cases, parents will be notified about documentation required to establish permanent enrollment.

Students enrolling from another school must have an official transcript from their previous school in order to have credits transferred. The building secretary and/or counselor will assist in obtaining the transcript, if not presented at the time of enrollment.

New students eighteen (18) years of age or older are not required to be accompanied by a parent when enrolling. When residing with a parent, these students are encouraged to include the parents in the enrollment process. When conducting themselves in school, adult students have the responsibilities of both student and parent.

A student who has been suspended or expelled by another public school in Michigan may be temporarily denied admission to the district's schools during the period of suspension or expulsion even if that student would otherwise be entitled to attend school in the district. Likewise, a student who has been expelled or otherwise removed

for disciplinary purposes from a public school in another state and the period of expulsion or removal has not expired, may be temporarily denied admission to the district's schools during the period of expulsion or removal or until the expiration of the period of expulsion or removal which the student would have received in the district had the student committed the offense while enrolled in the district. Prior to denying admission, however, the superintendent shall offer the student an opportunity for a hearing to review the circumstances of the suspension or expulsion and any other factors the superintendent determines to be relevant.

## **SCHEDULING AND ASSIGNMENT**

### **COVID Updates (cover the entire section)**

#### **Elementary Level**

The principal will assign each student to the appropriate classroom and program. Any questions or concerns about the assignment should be discussed with the principal.

#### **Textbooks - Elementary and Secondary Levels**

Students will be assigned textbooks and class materials as needed. Students are to place their name on the identification label on the inside of the front cover. Textbooks will be collected from the students as needed. Textbook condition will be evaluated by the teacher or library clerk at that time. Fines will be assessed for damaged or unreturned materials.

Fines are collected by the building secretary. Fees not paid at the end of the year will be sent for collection. Notices will be sent home with report cards.

#### **Secondary Level**

Schedules are provided for each student upon enrollment and at the beginning of the school year and at the quarter when courses change. Schedules are based on the student's needs. Changes in a student's schedule will be handled through the guidance/counseling office. Students may be denied course enrollment due to the need to pass prerequisites. Students are expected to follow their schedules. Any variation should be approved with a pass or schedule change.

#### **Counseling and Guidance-Secondary Level**

Students who wish to see a counselor must make an appointment through the counseling secretary at the high school level and through the office at the middle school and have teacher permission. Occasionally there is a need to see a counselor immediately. Only in such cases may a student leave class with a pass to make an appointment. Teachers will not accept students back into class without a pass from the counselor.

## **Locker Assignment**

Students will be assigned a locker. No student is to move to another locker during the course of the school year without the permission of the office. One must use only the locker assigned to him/her. All personal items and books, when not in use, are to be kept in one's locker. Students should not tamper with their or another locker or give their combination to another person. Fines will be assessed for damages to assigned lockers. The use of a locker is a privilege and its care and maintenance is the student's responsibility. The school cannot accept responsibility for books and/or other items stored in student lockers. ***All items in a student's locker are assumed to be the property of the student to whom the locker is assigned.***

## **EARLY DISMISSAL**

No student will be allowed to leave school prior to dismissal time without a written request signed by the parent or a person whose signature is on file in the school office, or the parent coming to the school office to request the release. No student will be released to a person other than a custodial parent(s) without written permission signed by the custodial parent(s) or guardian. Students must be in attendance for a full day on the last school day of the week in order to participate in Saturday competitions.

Students are not permitted to attend or participate in any school-related activity if they are not in attendance at school all day on the day of the event unless a prearranged absence has been approved by the school principal. This includes extracurricular athletics, band, choir, plays, and all other school related/sponsored activities. Students are not permitted to attend or participate in any school-related activity if they are on an out-of-school suspension on the day of the activity.

**It is requested that parents inform the office of any appointments made for students One (1) day prior to the appointment day so that teachers may prepare work for the student in their absence. If same-day appointments are made for a students, parents are requested to call the office so that work may be collected for any content missed, due to the appointment.**

## **TRANSFER OUT OF THE DISTRICT**

Parents must notify the principal about plans to transfer their child to another school. Transfer will be authorized only after the student has completed the arrangements, returned all school materials, and paid any fees or fines that are due. School records, may not be released if the transfer is not properly completed. Parents are encouraged to contact the building principal for specific details.

School officials, when transferring student records, are required to transmit disciplinary records including suspension and expulsion actions against the student.

## **WITHDRAWAL FROM SCHOOL**

No student under the age of eighteen (18) will be allowed to withdraw from school without the written consent of his/her parents.

## **IMMUNIZATIONS**

### **COVID protocols?**

Students must be current with all immunizations required by law or have an authorized waiver from state immunization requirements. If a student does not have the necessary shots or waivers, the principal may remove the student or require compliance with a set deadline. This is for the safety of all students and in accordance with state law. Any questions about immunizations or waivers should be directed to the building principal/secretary.

## **EMERGENCY MEDICAL AUTHORIZATION**

The Lakeville Board of Education has established a policy that every student must have an Emergency Medical Authorization Form completed and signed by his/her parent in order to participate in any activity off school grounds. This includes field trips, spectator trips, athletic and other extracurricular activities, and cocurricular activities.

The Emergency Medical Authorization Form is provided at the time of enrollment and at the beginning of each year. Failure to return the completed form to the school will jeopardize a student's educational program.

## **USE OF MEDICATIONS**

In those circumstances where a student must take prescribed medication during the school day, the following guidelines are to be observed:

- A. Parents should, with their physician's counsel, determine whether the medication schedule can be adjusted to avoid administering medication during school hours.
- B. The Medication Request and Authorization Form 5330 F1, F1a, F1b, and F1c must be filed with the respective building principal before the student will be allowed to begin taking any medication during school hours.
- C. All medications must be registered with the principal's office.
- D. Medication that is brought to the office will be properly secured. Medication is to be directly conveyed to school by the parent. Medication MAY NOT be sent to school in a student's lunch box, pocket, or other means on or about his/her person.
- E. Any unused medication unclaimed by the parent will be destroyed by school personnel when a prescription is no longer to be administered or at the end of a school year.
- F. The parents shall have sole responsibility to instruct their child to take the medication at the scheduled time, and the child has the responsibility for both presenting himself/herself on time and for taking the prescribed medication.

- G A log for each prescribed medication shall be maintained which will note the personnel giving the medication, the date, and the time of day. This log will be maintained along with the physician's written instructions and the parent's written permission release form.

### **Asthma Inhalers and Epi-pens (COVID plan link)**

Students, with appropriate written permission from the physician and parent, may possess and use a metered dose inhaler or dry powder inhaler to alleviate asthmatic symptoms. Epinephrine (Epi-pen) is administered only in accordance with a written medication administration plan developed by the school principal and updated annually.

The District has Epinephrine (Epi-Pens) available in each building for use in emergency situations for students or staff not known to have medical conditions requiring this intervention. In the event an emergency arises the Epi-Pen will be administered according to the written emergency plan.

## **NONPRESCRIPTION (Over-the-Counter) MEDICATIONS**

### **Elementary (Grades K to 4)**

Parents may authorize the school to administer a nonprescription medication by completing a form which is available at the school office. A physician's prescription or order is necessary to allow students to take non-prescription medications at school. The student may be authorized on the request form by his/her parent to self-administer the medication in the presence of a school staff member. No unauthorized K-5 staff member will be permitted to dispense nonprescription, over the-counter (OTC) medication to any student. No other exceptions will be made to these requirements.

### **Secondary (Grades 5 to 12)**

Parents may authorize the school to administer a nonprescription medication by completing a form which is available in the school office. A physician's prescription or order is necessary to allow students to take nonprescription medication at school. The parent may also authorize on the form that their child may self-administer the medication in the presence of a school staff member.

If a student is found using or possessing a nonprescription medication without parent authorization, s/he will be brought to the school office and the parents will be contacted for authorization. The medication will be confiscated until written authorization is received.

Any student who distributes medication of any kind to another student or is found to possess a medication other than the one authorized is in violation of the school's Code of Conduct and will be disciplined in accordance with the drug-use provision of the code.

## **CONTROL OF CASUAL-CONTACT COMMUNICABLE DISEASES**

### **COVID Updates**

Because a school has a high concentration of people, it is necessary to take specific measures when the health or safety of the group is at risk. The school's professional staff has the authority to ~~remove or isolate~~ identify/monitor/direct to the office any student who has been ill or has been exposed to a communicable disease. The office staff will communicate with parent/guardian to determine next steps

Specific diseases include - diphtheria, scarlet fever, strep infections, whooping cough, mumps, measles, rubella, COVID-19 and other conditions indicated by the local and state health departments.

Any removal will only be for the contagious period as specified in the school's administrative guidelines.

## **CONTROL OF NONCASUAL-CONTACT COMMUNICABLE DISEASES**

In the case of non-casual contact, communicable diseases, the school still has the obligation to protect the safety of the staff and students. In these cases, the person in question will have his/her status reviewed by a panel of resource people, including the County Health Department, to ensure that the rights of the person affected and those in contact with that person are respected. The school will seek to keep students and staff in school unless there is definitive evidence to warrant exclusion.

Non-casual contact communicable diseases include sexually transmitted diseases, AIDS (Acquired Immune Deficiency Syndrome), ARC-AIDS Related Complex (condition), HIV (Human-immunodeficiency), HAV, HBV, HCV (Hepatitis A, B, C), and other diseases that may be specified by the State Board of Health.

As required by federal law, parents will be requested to have their child's blood checked for HIV, HBV, and other blood-borne pathogens, when the child has bled at school and students or staff members have been exposed to the blood. Any testing is subject to laws protecting confidentiality.

## **ADA PROTECTION AGAINST DISCRIMINATION**

The American's with Disabilities Act (ADA) and Section 504 of the Rehabilitation Act provide that no individual will be discriminated against on the basis of a disability. This protection applies not only to the student, but also to all individuals who have access to the district's programs and facilities.

A student can access special education services through the proper evaluation procedures. Parent involvement in this procedure is important and required by federal (IDEA) and state law. Contact the Special Services Office at (810) 591/538-3357 to inquire about evaluation procedures and programs.

## **ENGLISH LANGUAGE LEARNERS**

Limited proficiency in the English language should not be a barrier to equal participation in the instructional or extracurricular programs of the district. It is, therefore, the policy of this district that those students identified as having limited English proficiency be provided additional support and instruction to assist them in gaining English proficiency and in accessing the educational and extracurricular program offered by the district. Parents should contact the superintendent's office at (810) 591-3980 to inquire about evaluation procedures and programs offered by the district.

The school must provide at least the same access to the high school campus and to student directory information as is provided to other entities offering educational or employment opportunities to those students. “Armed Forces” means the armed forces of the United States and their reserve components and the United States Coast Guard. If a student or the parent or legal guardian of a student submits a signed, written request (Form 8330 F13) to the board that indicates that the student or the parent or legal guardian does not want the student’s directory information to be accessible to official recruiting representatives, then the school officials shall not allow access to the student’s directory information. The board shall ensure that students, parents, and guardians are notified of the provisions of the opportunity to deny release of directory information. Annually, the board will notify male students age eighteen (18) or older that they are required to register for the selective service.

### **STUDENT FEES, FINES, AND SUPPLIES**

The Lakeville School District charges specific fees for some non-curricular activities and programs. Such fees or charges are determined by the cost of materials, freight/handling fees, and add-on fees for loss or damage to school property. The school and staff do not make a profit.

The district will provide all basic supplies needed to complete the required course curriculum. The student and/or his/her family may choose to purchase their own supplies if they desire to have a greater quantity or quality of supplies, or desire to help conserve the limited resources for use by others. The teacher or appropriate administrator may recommend useful supplies for these purposes. (See Policy 6152)

Fees may be waived in situations where there is financial hardship.

Students using school property and equipment can be fined for excessive wear and abuse of the property and equipment. The fine will be used to pay for the damage, not to make a profit.

Late fines can be avoided when students return borrowed materials promptly. Their use may be needed by others.

### **STUDENT FUNDRAISING**

### **MEAL SERVICE**

#### **Meal Charge Procedure, June 2017 (Update?)**

##### **Purpose**

The goal of the LakeVille Community Schools is to provide students with healthy meals each school day. However, unpaid charges place a large financial burden on our Food Services Department. The purpose of this procedure is to insure compliance with federal reporting requirements for the USDA Child Nutrition Program, and to provide oversight and accountability for the collection of outstanding student meal balances.

The intent of this procedure is to establish uniform meal account procedures throughout the LakeVille Community Schools. The provisions of this procedure pertain to regular priced school lunch meals only. While the USDA Child Nutrition Program does not require that a student who pays for regular priced meals be served a meal without payment, the LakeVille Community Schools provides this procedure as a courtesy to those students in the event that they forget or lose their lunch money.

##### **Procedure**

All cashiers are to verbally inform the students, at all educational levels, when their account reaches a low dollar amount each time the student comes through the lunch line. By communicating with students, daily, the chance of them not having the needed funds is greatly reduced for them.

**Adults are not permitted to charge any food or beverage at any time.**

## **FULL PAY STUDENTS**

### **ELEMENTARY AND MIDDLE SCHOOL STUDENTS**

- Will pay for meals at the district's published standard rate each day. Students are permitted to receive a full lunch when their accounts run in the deficit. Lunch charges are expected to be repaid the next school day.
- The method for collecting overdue lunch charges from elementary and middle school students are as follows:
  - Verbally remind student
  - Send letters home at regular intervals throughout the school year
  - Call home to remind parents
  - All parents are asked to set up low balance notifications on [www.myschoolbucks.com](http://www.myschoolbucks.com) website (no charge to do so)
- Ala carte/snack items may NOT be charged. Ala carte purchases may not be made with cash until negative balance is paid.

### **HIGH SCHOOL**

- Must prepay or pay cash at register for all meals and ala carte purchases. There is NO charging of any food or beverage at this level.

## **FREE MEAL BENEFIT**

Free status students will be allowed to receive a free lunch each school day. Ala carte purchases must be prepaid or paid in cash at the register.

## **REDUCED MEAL BENEFIT**

Reduced status students will be allowed to receive a lunch for \$.40 each day. Students are permitted to receive a full lunch when their accounts run in the deficit. Lunch charges are expected to be repaid the next school day.

- The method for collecting overdue lunch charges from elementary and middle school students are as follows:
  - Verbally remind student
  - Send letters home at regular intervals throughout the school year
  - Call home to remind parents
  - All parents are asked to set up low balance notifications on [www.myschoolbucks.com](http://www.myschoolbucks.com) website (no charge to do so)

- Ala carte/snack items may NOT be charged. Ala carte purchases may not be made with cash until the negative balance is paid.

## **PARENTS/GUARDIANS**

The parent or guardian is responsible for ensuring their child has money or a packed lunch daily or has filled out the appropriate application to be eligible to receive free or reduced price lunches. If applying for free or reduced price lunches, parents must provide lunch money or a packed lunch for their child until notification has been received that their child has been approved to receive free or reduced price meals.

All school cafeterias possess computerized point of sale/cash register systems that maintain records of all monies deposited and spent for each student and said records are available by setting up an account at [www.myschoolbucks.com](http://www.myschoolbucks.com) or by speaking with the kitchen personnel.

Students/Parents/Guardians pay for meals in advance via [www.myschoolbucks.com](http://www.myschoolbucks.com) or with a check payable to LakeVille Food Service. Further details are available on our website at [www.lakevilleschools.org](http://www.lakevilleschools.org). Funds should be maintained in accounts to minimize the possibility that a child's account will go into the negative. Any remaining funds for a particular student will be carried over to the next school year. Notice of negative balances will be sent to parents/guardians at regular intervals during the school year.

If a student is without funds to purchase meals on a consistent basis, the administration will investigate the situation more closely and take further action as needed. If financial hardship exists, parents and families are encouraged to apply for free or reduced price lunches for their child.

## **REFUNDS**

For withdrawn and graduated students; a written request for a refund of any money remaining in their account must be submitted to LakeVille Food Service. An e-mail request is also acceptable. Students who are graduating at the end of the year will be given the option to transfer to a sibling's account with a written request.

## **UNCLAIMED FUNDS**

## **WHO OWNS THE LAKEVILLE COMMUNITY SCHOOLS**

Surprisingly, YOU DO! Your parents and all taxpayers are legally required to pay taxes that build and maintain the public school system. Everyone pays taxes in one form or another. Therefore, any damage done to the school buildings, equipment, buses, or books must be paid for with your own family’s money!! It is not enough that you should refrain from doing anything to increase this cost to your parents, neighbors, and yourself, but you must help protect the schools by discouraging or reporting such activity by others. REMEMBER - MOST TROUBLE STARTS AS FUN!

These rules apply to any student who is on school premises, in a school-related vehicle, at a school-sponsored activity. Attendance rules apply to all field trips.

### **GRADES**

The LakeVille School District has a standard grading scale and procedure. Student grades are assigned on a 75/25 formula. The purpose of a grade is to indicate students' knowledge and understanding of the curriculum.

The 75% of 75/25 refers to student grades on *summative* assessments. This is a snapshot of student learning. Summative assessment does not necessarily mean test.

Summative assessments can be tests but can also include quizzes, papers, portfolios, labs, projects etc. By ensuring the students grade is based on summative assessments we are insuring grades truly reflect mastery of the curriculum.

The 25% of the 75/25 is *formative* assessment and is how we determine whether students are learning before we give them summative assessments. Simply stated this is practice. This includes classwork and homework. These grades give students feedback about their current learning level and provide teachers with the information they need to differentiate instruction to help all students master the curriculum.

Grades are assigned per the following grade scale.

**Kindergarten** through Fourth Grades

- |  |
|--|
| 1-Progressing as expected<br>2-Needs more time and experience<br>3-Area of concern |

- 4 = Exceeds grade level expectations

The grade of incomplete (I) may be issued in case of prolonged illness or other justifiable reasons. An incomplete must be made up within two weeks or the incomplete becomes an E.

**Grading Periods**

Students shall receive a progress report at the end of each quarter indicating their grades for each course of study for that portion of the academic term. Semester grades

indicate the official grade for the semester. NOTE: Kindergarten students will receive a report card in January and June.

When a student appears to be at risk of failure, notification will be provided to the parents so they can talk with the teacher about what actions can be taken to improve poor grades.

### **COVID/CLP LINK/UPDATES**

Before any student may take advantage of the school's computer network and the internet, they and their parents must sign an agreement which defines the conditions under which the student may participate. Failure to abide by all of the terms of the agreement may lead to termination of the student's Lakeville technology accounts and possible disciplinary action as outlined in the Student Code of Conduct or referral to law enforcement authorities. Copies of the School District's *Student Network and Internet Acceptable Use and Safety Policy* and the requisite student and parent agreement will be distributed the first day of school or upon enrolling the student in school. Students must complete a mandatory training session/program regarding the appropriate use of technology and online safety and security as specified in Policy 7540.03 – Student Network and Internet Acceptable Use and Safety before being permitted to access the Network and/or being assigned an e-mail address.

In addition, the district gives students in grades 3-12 a Google account (without access to email) for use on the lakevillefalcons domain and all students will use other accounts for software in the classroom. Parents must sign a form to allow their child to have a fully activated lakevillefalcons account and to access the apps and additional services we use. The form(s) will be provided when the student enrolls into the district or (in the case of the lakevillefalcons account) when he or she enters third grade. ### **STUDENT NETWORK AND INTERNET ACCEPTABLE USE AND SAFETY**

Advances in digital technologies have transformed teaching and learning. The Board of Education is pleased to provide online services to its students. The board encourages students to utilize the internet to promote educational excellence in our schools by providing them with the opportunity to develop the resource sharing, innovation, and communication skills and tools which will be essential to life and work in the 21<sup>st</sup> century.

The instructional use of the internet will be guided by the board's policy on instructional materials.

Access to the internet enables students to explore countless resources for learning. Access to such an incredible quantity of information and resources brings with it certain unique challenges and responsibilities. First, and foremost, the board may not be able to technologically limit access to services through the board's internet connection to only those that have been authorized for the purpose of instruction, study and research

related to the curriculum. Access to the internet, because it serves as a gateway to any publicly available file server in the world, will open classrooms and students to electronically information resources which have not been screened by educators for the use by students of various ages.

The board (through services provided by the Genesee ISD) has implemented technology protection measures which block/filter internet access harmful to minors. The board utilizes software and/or hardware to monitor online activity of students to restrict access to material that is obscene, objectionable, inappropriate and/or harmful to minors. Nevertheless, parents/guardians are advised that a determined user may be able to gain access to services or content on the internet that the board has not authorized for educational purposes. In fact, it is impossible to guarantee students will not gain access through the internet to information and communications that they and/or their parents/guardians may find inappropriate, offensive, objectionable, or controversial. Parents/guardians assume risks by consenting to allow their child to participate in the use of the internet. Parents/guardians of minors are responsible for setting and conveying the standards that their children should follow when using the internet. The board supports and respects each family's right to decide whether to apply for independent student access to the internet and the use of lakevillefalcons accounts.

The superintendent is directed to prepare guidelines which address students' safety and security while using forums, electronic communications and online research, and prohibit disclosure of personal identification information of minors and unauthorized access (e.g. "hacking") and other unlawful activities by minors online.

Building principals are responsible for providing training so that internet users under their supervision are knowledgeable about this policy and accompanying guidelines. The board expects that staff members will provide guidance and instruction to students in the appropriate use of the internet.

All internet users (and their parents if they are minors) are required to sign a written agreement to abide by the terms and conditions of this policy and its accompanying guidelines.

Students and staff members are responsible for good behavior on the board's computers/network and internet just as they are in classrooms, school hallways, and other school premises and school sponsored events. This includes any use of the lakevillefalcons accounts outside of the district.

Communications on the internet are often public in nature. **General school rules for behavior and communication apply.** The board does not sanction any use of the internet that is not authorized by or conducted strictly in compliance with this policy and its accompanying guidelines.

Users who disregard this policy and its accompanying guidelines may have their use privileges and accounts suspended or revoked, and disciplinary action taken against them. Users granted access to the internet and all other accounts, including

lakevillefalcons, through the board's network and computers assume personal responsibility and liability, both civil and criminal, for uses of the internet not authorized by this board policy and its accompanying guidelines.

This list is not meant to be exhaustive, but for clarification here are some specific examples of violations of this policy: Playing digital games when not directly related to an assignment from a teacher. Accessing online content (including images, videos, social networks and music) during class that is not related to the class assignment as determined by the classroom teacher. Accessing objectionable or inappropriate content using a district computer, Chromebook or lakevillefalcons account, even outside of school.

The board designates the superintendent and as the administrator responsible for initiating, implementing, and enforcing this policy and its accompanying guidelines, as they apply to the use of the network and the internet for instructional purposes.

## **STUDENT ASSESSMENT**

### **COVID Updates/link**

The Michigan Merit Exam (MME) will include the SAT, WorkKeys, and M-STEP for juniors. All 11<sup>th</sup> graders will take the state assessment in the spring of each year. It will provide students with a regular SAT score report that they can use to apply to a college or a university. SAT scores are used during the college admission process to assess high school students' general educational development and their ability to complete college level work. The SAT is the nation's most widely used college admissions test, and is the first step toward higher education for students of all backgrounds. The SAT covers core content areas deemed essential for success in college – reading, mathematics, and writing and language.

MME testing will be scheduled according to state guidelines which is typically in April.

Parents and students should watch school newsletters and the local press for the announced testing times.

Juniors may opt to take the PSAT/NMSQT (National Merit Scholarship Qualifying Test) in the fall. This will give all testing juniors an opportunity to qualify for National Merit Scholarships.

Sophomores will take the PSAT-10 which provides early feedback to help students identify the knowledge and skills they need to be college and career ready. In addition, through the PSAT/NMSQT results, students may be also connected with AP courses, scholarships and recognition programs, and college planning resources.

Freshmen will take the PSAT-8/9 which serves as the foundation for understanding students' progress as they enter high school. An early indicator of college readiness that is aligned with the SAT, PSAT/NMSQT, and PSAT-10, the PSAT will provide detailed performance feedback.

The College Board and the nonprofit Khan Academy® have teamed up to provide free, personalized SAT study resources for all students.

Important:

Official SAT Practice Available Now

Free SAT practice is available now on Khan Academy.

Starting with the 2015-16 school year, students who take the SAT, PSAT/NMSQT, PSAT 10, or PSAT 8/9 have access to personalized SAT study resources. Khan Academy's world-class practice tools are free for all students and include:

- Thousands of practice questions, reviewed and approved by the College Board
- Four official SAT Practice Tests written by the College Board
- Personalized recommendations for instruction and practice to help students fill their knowledge gaps

Additional assessments are given to students to monitor progress and determine student mastery of core content. These tests are used to help staff determine instructional needs.

## **Testing Out**

Public Act 335, State 1279B, of the School Code requires that high school students be offered the opportunity to “test out” of any course offered by his/her high school except Government/Civics or physical education or any course where group performance is a fundamental requirement.

Students must demonstrate proficiency of Michigan Merit Curriculum requirements by passing a comprehensive examination which may include written papers, projects, labs, performances. Or other appropriate assessments incorporated within the course with a score at or above 78%.

All “testing out” assessments for the coming year will be completed in the month of August. There will be one date scheduled for testing. Students will be contacted by mail during the summer with the scheduled date, location, and time for testing.

Requests for testing out must be made no later than the last day of school in the spring.

## **STUDENT EMPLOYMENT**

The school does not encourage students to take jobs outside of school that could interfere with their success in school. If a student believes that they must maintain a job in addition to going to school, then they must first make contact with his/her counselor to discuss any legal requirements and obtain any needed documents.

## **SECTION IV - STUDENT CONDUCT**

### **ATTENDANCE (COVID Update)**

#### **District Attendance Policy**

It is imperative that students be in attendance each school day in order not to miss a significant portion of their education. Important learning results from active participation in the classroom and other school activities which cannot be replaced by individual study.

Attendance is important in the development of a high quality work ethic. One of the most important work habits that employers look for in hiring and promoting a worker is his/her dependability in coming to work every day and on time. This is a habit the school wants to help students develop as early as possible in their school careers.

#### Student Absence

Excused or Unexcused absence from school is considered an absence for overall student record. The following process is in place for addressing student absence:

5 absences in a marking period: Letter sent home to parents

6 absences in a marking period: Letter sent home by certified mail. (Board Policy 5200 – ATTENDANCE)

Additional absences beyond 6 absences for a marking period shall result in parent/student meeting to discuss attendance. Each situation will be addressed in an individual family manner and the administration may determine next step in the process to include: Student attendance plan, intervention meeting with GISD Attendance Liaison or Attendance Court referral for truancy.

8 absences for the school year: Letter sent home to parent, Parent contact, a possible parent meeting with administration to discuss attendance.

10 absences for the school year: Letter sent home to parent, Parent contact, parent meeting with administration and/or GISD Attendance Liaison to discuss attendance.

12 absences for the school year: Letter sent home to parent, Parent contact, parent meeting with administration and/or GISD Attendance Liaison to discuss attendance.

Administration may determine at this time if a referral to Attendance Court is warranted.

Additional absences beyond 12 absences for a school year shall result in parent/student meeting to discuss attendance. Each situation will be addressed in an individual family manner and the administration may determine next step in the process to include: Student attendance plan, intervention meeting with GISD Attendance Liaison or Attendance Court referral for truancy.

Absences will count toward absence totals. Absences not counted toward the total absences: per marking period/year:

M Extended medically documented illness

A Arranged absence (i.e. in school but not in class)

X Extenuating circumstances (court, death of a family member, etc.)

- NOTE: OSS – Out of School Suspension days will be counted as absences and will count toward the total number of days absent for a marking period/school year. Students are expected to make up all missed work for credit, if appropriate.

## **Truancy**

Unexcused absence from school (truancy) is not acceptable. After ten days of truancy a student may be considered a habitual truant which can result in poor grades and failing coursework which become part of the student's permanent record and may be sent to employers and postsecondary schools; a report to local authorities concerning lack of parental responsibility in providing proper care and supervision of a child; and a hearing before a judge in a court of law. Unexcused absences are described in Board Policy 8330.

## **Excused Absences**

Students may be excused from school for one or more of the following reasons and will be provided an opportunity to make-up missed work and/or tests. It is the responsibility of the student to ask the teacher for missed assignments on the day the student returns to school. For extended absences, parents may request homework assignments from the school office. Please give the school office 24 hours' notice to prepare all makeup homework assignments for pick up. Generally speaking, students will have the number of days absent plus one day to complete the makeup work.

If a student misses a test due to an excused absence, then s/he may make arrangements with the teacher to take the test. If s/he misses a state mandated test or other standardized test, then the student should consult with the principal to arrange for taking the test.

- Student Illness
- Death in Family
- Prearranged absences (~~ex: family trip, college visit~~)

Call the attendance secretary prior to the student leaving to verify if you have sent the note. (The student will not be released by the note only). In the event you forget to send a note, you must call the attendance office for a pass to be generated for the student to leave. We always need a phone call prior to the dismissal and as early as possible in the day. Once the note has been verified by telephone, we instruct your child take it with them to class as a pass for the teacher to see. The note becomes his/her pass to leave campus. This note also allows your student back into the building as a pass. Your student will be able to meet you at a designated meeting place for pick-up.

### **Suspension from school**

Absence from school due to suspension shall be considered an authorized absence, neither excused nor unexcused. A suspended student will be responsible for making up school work lost due to suspension. It is recommended that a student complete missed assignments during the suspension and turn them in to the teacher upon his/her return to school. Assignments may be obtained from building school offices beginning with the third day of a suspension. Make up of missed tests may be scheduled when the student returns to school. NOTE - If school is closed due to inclement weather, power outage, etc., then a suspended student will be out of school the following day.

The student will be given credit for properly-completed assignments and grade on any made-up tests. Absence due to suspension is not considered truancy.

### **Signing out**

Send a note with your child the day of the appointment or early dismissal. Have him/her drop it off at the attendance secretary in the morning when they arrive at school.

Call the attendance secretary prior to the student leaving to verify if you have sent the note. (The student will not be released by the note only). In the event you forget to send a note, you must call the attendance office for a pass to be generated for the student to leave. We always need a phone call prior to the dismissal and as early as possible in the day.

Once the note has been verified by telephone, we instruct your child take it with them to class as a pass for the teacher to see. The note becomes his/her pass to leave campus. This note also allows your student back into the building as a pass. Your student will be able to meet you at a designated meeting place for pick-up.

## **Closed Campus**

All schools are closed campuses during the entire school day. No one will be allowed to leave school during the school day to retrieve forgotten assignments, books, homework, including going home or out to eat lunch. A written request from a parent must be presented and a phone call must be received by the main office prior to dismissal. (Doctor's appointments) Students returning from recurring appointments: doctor, dentist, etc., must present a note to the Attendance Office upon return from the appointment. The student can only return to school if they have a doctor's note. The main office will verify the time of their return.

At no time are students allowed to be in the parking lot during school hours without a pass from the main office. Failure to obtain a parking lot pass will result in a search of the student and vehicle and there may be additional disciplinary action.

Failure to sign out will result in disciplinary action and the absence will be recorded as unexcused.

## **Lakeville Memorial High School Buy Back Opportunity**

Once a student accumulates more than (10) total absences, whether excused or unexcused, in a course per semester, they will need to buy back their missed time in order to fulfill the requirements of the course. All buy back time must be completed within five days of a semester ending.

Total Absences (limit of 10)

### **Absences counted toward the ten total absences per semester:**

- E Excused absence
- U Unexcused absence
- TU Tardy more than ten minutes (unexcused absence)
- V Personal vacation - Special trips or family vacation. Absences will count toward absence totals.

Absences will count toward absence totals. Absences not counted toward the ten total absences in a course per semester:

- F Field trip
- M Extended medically documented illness
- A Arranged absence (i.e. in school but not in class)
- X Extenuating circumstances (court, death of a family member, etc.)

Make-up classes are organized by the principal/teacher and may be offered before school, after school, or during afternoon on exam days. Only two (2) excused absences can be bought back from each teacher. The "Buy-Back" policy allows a student the opportunity to "buy-back" TWO of those absence

days each term. Thus, a student will only have the opportunity to buy back 12 total hours per semester. If the student successfully fulfills the Buy Back guidelines, then credit will be reinstated as long as student has a passing grade. Students earning a 78% or higher on the semester final exam in a course will receive credit in the course regardless of the number of absences the student has accumulated.

### **Appeal**

If a student or their parent feels there is a justifiable cause for the student’s absence from school for more than the allowable time, they must present their case to the high school attendance committee within seven calendar days prior to the end of the semester. If the reason for the excessive absences is due to medical reasons, verification must be presented in writing by the attending health care provider or medical facility. If the reason is something other than medical, the parents must present the reason/s for the excessive absences in writing. The final appeal for reinstatement of academic credit, for that semester will be made by the LakeVille Attendance Committee. Appeal Form is available at the back of this handbook.

## **Tardiness**

### **Elementary level**

A student who is not in his/her assigned location by 8:40 AM at Columbiaville Elementary shall be considered tardy. Any student arriving late to school is to report to the school office to be signed in by an adult before proceeding to class. Excessive tardiness or “left earlies” may also be considered toward the Truancy process. Five (5) tardies = One (1) absence.

### **Secondary Level** (Middle School and High School)

- The definition of tardy is understood as coming into the room after the bell stops ringing
- Any student is considered absent after missing 15 minutes of first hour and 10 minutes of any other class. Three tardies to a single class = One absence until the time is made up by the student during lunch detention.

### **Interventions (Middle School)**

### STUDENT ATTENDANCE AT SCHOOL EVENTS

The school encourages students to attend as many school events held after school as possible, without interfering with their school work and home activities. Enthusiastic spectators help to build school spirit and encourage those students who are participating in the event.

However, in order to ensure that students attending evening events as nonparticipants are properly safe-guarded, it is strongly advised that students be accompanied by a parent or adult chaperone when they attend the event. **The school will not be able to supervise unaccompanied students nor will it be responsible for students who arrive without an adult chaperone.**

The school will continue to provide adequate supervision for all students who are participants in a school activity. Students must comply with the Code of Conduct at school events, regardless of the location.

## **STUDENT CODE OF CONDUCT**

A major component of the educational programs at the Lakeville Schools is to prepare students to become responsible workers and citizens by learning how to conduct themselves properly and in accordance with established standards.

## **POSITIVE BEHAVIORAL INTERVENTIONS AND SUPPORTS**

### **PRIDE**

All schools in the district support and recognize positive choices made by students. Behavioral expectations are defined for each space in each school, and administrators, teachers, and staff members are looking for opportunities to reward students for demonstrating the PRIDE attributes.

## **STUDENT DISCIPLINE CODE**

The Board of Education has adopted the following Student Discipline Code. The code includes the types of misconduct that will subject a student to disciplinary action. The board has also adopted the list of behaviors and the terms contained in the list.

It is the school staff's responsibility to provide a safe and orderly learning environment. History has shown that certain student actions are not compatible with a safe and orderly environment. Discipline is within the sound discretion of the school's staff and administration. Due process ensures that disciplinary action is imposed only after review of the facts and/or special circumstances of the situation. Restorative Practices are considered in all disciplinary actions.

It is important to remember that the school's rules apply going to and from school, at school, on school property, at school-sponsored events, and on school transportation. In some cases, a student can be suspended from school transportation for infractions of school bus rules.

Ultimately, it is the principal's responsibility to keep order. In all cases, the school shall attempt to make discipline prompt, equitable, and to have the punishment match the severity of the incident.

## **DISCIPLINE CODE- EXPLANATION OF TERMS**

Each of the behaviors described below may subject the student to disciplinary action including suspension and/or expulsion from school.

### **Use of drugs**

A student's use or sale of a performance-enhancing substance is a violation that will affect the student's athletic eligibility and extracurricular participation.

The Department of Community Health periodically distributes to the district the list of banned drugs based on bylaw 31.2.3.1 of the National Collegiate Athletic Association. Use of any drugs or substances appearing on this list will affect the student's athletic and extracurricular participation.

The school has a "drug free" zone that extends 1000 feet beyond the school boundaries as well as to any school activity and transportation. This means that any activity, possession, sale, distribution, or use of drugs, alcohol, fake drugs, steroids, inhalants, or look-alike drugs is prohibited. Attempted sale or distribution is also prohibited. If caught or a staff member suspects a student of being under the influence of any substance, then the student could be suspended or expelled and law enforcement officials may be contacted. Sale also includes the possession or sale of over-the-counter medication to another student.

The sale, distribution, possession, or use of drugs, alcohol, fake drugs, steroids, inhalants, or look-alike drugs that has a negative effect on the school environment is prohibited. Attempted sale or distribution is also prohibited. This includes nonalcoholic beers and wines, and the like. Many drug abuse offenses are also felonies. Sale also includes the possession or sale of over-the-counter medication to another student.

### **Use of breath-test instruments (alcohol)**

The principal may arrange for a breath test or blood-alcohol test to be conducted on a student whenever s/he has individualized reasonable suspicion to believe that a student has consumed any alcoholic beverage upon school grounds or at any school sponsored activity off school grounds. A referral to local law enforcement will be made.

~~The student will be taken to a private administrative or instructional area on school property with at least one (1) other member of the teaching or administrative staff present as a witness to the test. The purpose of the test is to determine whether or not a student has consumed an alcoholic beverage. The amount of consumption is not relevant, except where the student may need medical attention.~~

If the result indicates a violation of school rules as described in this handbook, then the student will be disciplined in accordance with disciplinary procedures described in this handbook. ~~If a student refuses to take the test, then s/he will be advised that such denial will be considered an admission of alcohol use with the consequent discipline invoked. The student will then be given a second opportunity to take the test.~~

The consumption of and/or possession of and/or being under the influence of any alcoholic beverage or alcoholic look-alike beverage by students is prohibited in any attendance center, on school grounds or at any school-sponsored activity.

Any student, who consumes any alcoholic look-alike beverage or is suspected to be under the influence of alcohol upon school grounds, or in an attendance center, or at any school-sponsored activity off school grounds or going to or from any school-sponsored activity, shall be refused entrance or admission and may be subject to discipline, up to and including suspension or expulsion.

District personnel ~~may refer students for any medical treatment or social service agency when such student is reasonably believed to be abusing or incapacitated by the use of alcohol or other drugs~~ will contact parents and the parents will determine if medical treatment or social service agency ids appropriate. Alcoholic look-alike beverages are those advertised and marketed as non-alcoholic, but which come under the control of the state liquor commission.

### **Use of tobacco/Electronic Nicotine Delivery System (Vaping Devices)**

Smoking and other tobacco uses are a danger to a student's health and to the health of others. The school prohibits the sale, distribution, use, or possession of any form of tobacco or electronic cigarettes or similar devices during school time or at any school activity. This prohibition also applies when going to and from school and at the school bus stops. Violations of this rule could result in suspension or expulsion. "Use of tobacco" shall mean all uses of tobacco or electronic cigarettes and hookah pipes, including cigars, cigarettes, or pipe tobacco, chewing tobacco, snuff, or any other matter or substance that contains tobacco, in addition to papers used to roll cigarettes. The display of unlighted cigars, cigarettes, pipes, and other smoking paraphernalia (including lighters and matches) or tobacco products on one's person is also prohibited by this policy.

### **Student disorder/demonstration**

Students will not be denied their rights to freedom of expression, but the expression may not infringe on the rights of others. Disruption of any school activity will not be allowed. If a student (or students) feels there is need to organize some form of demonstration, then s/he is encouraged to contact the principal to discuss the proper way to plan such an activity. Students who disrupt the school may be subject to suspension or expulsion.

### **Possession of a weapon**

A weapon includes but is not limited to firearms, guns of any type whatsoever including air and gas-powered guns (whether loaded or unloaded), knives, razors, clubs, electric weapons, metallic knuckles, martial arts weapons and explosives. It may also include any toy that is presented as a real weapon or reacted to as a real weapon. Criminal charges may be filed for this violation. Possession of a weapon may subject a student to expulsion and possible permanent exclusion. It makes no difference whether or not the weapon belongs to someone else, unless the student can provide convincing evidence that the weapon was placed in the student's possession without their

knowledge. If it can be confirmed that a weapon was brought on district property by a student other than the one who possessed the weapon, then that student shall also be subject to the same disciplinary action.

State law may require that a student be permanently expelled from school, subject to a petition for possible reinstatement if they bring or have in their possession on school property or at a school-related activity any of the following:

- A. any explosive, incendiary, or poison gas including bombs, grenades, rockets, missiles, mines, or devices that can be converted into such a destructive item
- B. any cutting instrument consisting of a sharp blade over three (3) inches long fastened to a handle
- C. any similar object that is intended to invoke bodily harm or fear of bodily harm (e.g. air gun, blow-gun, toy gun, etc.)

### **Use of an object as a weapon**

Any object that is used to threaten, harm, or harass another may be considered a weapon. This includes but is not limited to padlocks, pens, pencils, laser pointers, jewelry, etc. Intentional injury to another can be a felony and/or a cause for civil action. This violation may subject a student to expulsion.

### **Knowledge of dangerous weapons or threats of violence**

Because the board believes that students, staff members, and visitors are entitled to function in a safe school environment, students are required to report knowledge of dangerous weapons or threats of violence to the principal. Failure to report such knowledge may subject the student to discipline.

### **Purposely setting a fire**

Anything, such as fire, that endangers school property and its occupants will not be tolerated. Arson is a felony and will subject the student to expulsion.

### **Physical assault/threat of a staff member/student/person associated with the district**

Physical assault at school against a district employee, volunteer, or contractor which may or may not cause injury may result in charges being filed and subject the student to expulsion. Physical assault is defined as “intentionally causing or attempting to cause physical harm to another through force or violence.”

### **Verbal assault/threat of a staff member/student/person associated with the district**

Verbal assault at school against a district employee, volunteer, or contractor or making bomb threats or similar threats directed at a school building, property, or a school-related activity will be considered verbal assault. Verbal threats or assaults may result in suspension and expulsion. Verbal assault is a communicated intent to inflict physical or other harm on another person, with a present intent and ability to act on the threat.

## **Extortion**

Extortion is the use of threat, intimidation, force, or deception to take, or receive something from someone else. Extortion is against the law. Violations of this rule will result in disciplinary action up to and including suspension or expulsion.

## **Gambling**

Gambling includes casual betting, betting pools, organized-sports betting, and any other form of wagering. Students who bet on an activity in which they are involved may also be banned from that activity. Violations of this rule could result in suspension or expulsion.

## **Falsification of school work, identification, forgery**

Forgery of hall/bus passes and excuses as well as false I.D.s are forms of lying and are not acceptable.

Plagiarism and cheating are also forms of falsification and subject the student to academic penalties as well as disciplinary action. Violations of this rule could result in suspension or expulsion.

## **Lying/providing false information**

Students are expected to provide honest answers to administrators when being questioned. Violations of this rule will result in suspension.

## **False alarms, false reports, and bomb threats**

A false emergency alarm, report or bomb threat endangers the safety forces that are responding, the citizens of the community, and persons in the building. What may seem like a prank is a dangerous stunt. Violations of this rule could result in suspension or expulsion.

## **Explosives**

Explosives, fireworks, and chemical-reaction objects such as smoke bombs, pipe bombs, bottle bombs, small firecrackers, and poppers are forbidden and dangerous. Violations of this rule could result in suspension or expulsion.

## **Trespassing/accessing restricted areas**

Although schools are public facilities, the law does allow the school to restrict access on school property. If a student has been removed, suspended, or expelled, then the student is not allowed on school property without authorization of the principal. In addition, students may not trespass onto school property at unauthorized times or into areas of the school determined to be inappropriate. Violations of this rule could result in suspension or expulsion.

**Theft**

When a student is caught stealing school or someone's property, s/he will be disciplined and may be reported to law enforcement officials. Students are encouraged not to bring anything of value to school that is not needed for learning without prior authorization from the classroom teacher/principal. The school is not responsible for personal property. Theft may result in suspension or expulsion.

**Disobedience**

School staff is acting "in loco parentis," which means they are allowed, by law, to direct a student as would a parent. This applies to all staff, not just teachers assigned to a student. If given a reasonable direction by a staff member, then the student is expected to comply. Chronic disobedience can result in expulsion.

**Damaging property**

Vandalism and disregard for school property will not be tolerated. Violations could result in suspension or expulsion.

**Persistent absence or tardiness**

Attendance laws require students to be in school all day or have a legitimate excuse. It is also important to establish consistent attendance habits in order to succeed in school and in the work world. Excessive absence could lead to suspension from school.

**Unauthorized use of school or private property**

Students are expected to obtain permission to use any school property or any private property located on school premises. Any unauthorized use shall be subject to disciplinary action. This includes use of the internet and communication networks in a manner not sanctioned by policy and administrative guideline. Violations of this rule could result in suspension or expulsion.

**Refusing to accept discipline**

The school may use informal discipline to prevent the student from being removed from school. When a student refuses to accept the usual discipline for an infraction, the refusal can result in a sterner action such as suspension or expulsion.

**Aiding or abetting violation of school rules**

If a student assists another student in violating any school rule, then they will be disciplined and may be subject to suspension or expulsion. Students are expected to resist peer pressure and exercise sound decision-making regarding their behavior.

**Displays of affection**

Students demonstrating affection between each other is personal and not meant for public display. This includes touching, petting, or any other contact that may be

considered sexual in nature. Such behavior may result in suspension from school or possibly expulsion.

### **Possession of Wireless Communication Devices (WCDs)**

Students may use wireless communication devices (WCDs) before and after school, during their lunch break, in between classes as long as they do not create a distraction, disruption or otherwise interfere with the educational environment, during after school activities (e.g. extracurricular activities), and/or at school-related functions, with the exception of the elementary school. Use of WCDs, except approved laptops at any other time is prohibited and they must be powered completely off and stored out of sight.

A "wireless communication device" is a device that emits an audible signal, vibrates, displays a message, or otherwise summons or delivers a communication to the possessor. The following devices are examples of WCDs: cellular and wireless telephones, pagers/beepers, BlackBerrys/Smartphones, Wi-Fi-enabled or broadband access devices, two-way radios or video broadcasting devices, and other devices that allow a person to record and/or transmit, on either a real time or delayed basis, sound, video or still images, text, or other information. Students may not use WCDs on school property or at a school-sponsored activity to access and/or view Internet websites that are otherwise blocked to students at school. "Students may use WCDs while riding to and from school on a school bus or other vehicle provided by the Board or on a school bus or Board-provided vehicle during school-sponsored activities, at the discretion of the bus driver, classroom teacher, and/or sponsor/advisor/coach. Distracting behavior that creates an unsafe environment will not be tolerated."

Also, during after school activities when directed by the administrator or sponsor, WCDs shall be powered completely off (not just placed into vibrate or silent mode) and stored out of sight.

The requirement that WCDs must be powered completely off will not apply in the following circumstances when the student obtains prior approval from the building principal:

- A. The student has a special health circumstance (e.g. an ill family member or his/her own special health condition).
- B. The student is using the WCD for an educational or instructional purpose (~~e.g. taking notes, recording a class lecture, writing papers~~) with the teacher's permission and supervision. However, the use of any communication functionality of the WCD is expressly prohibited. This includes, but is not limited to, wireless internet access, peer-to-peer (ad-hoc) networking, or any other method of communication with other devices or networks. In no circumstances shall the device be allowed to connect to the district's network. The preceding prohibitions do not apply to Board-owned and issued laptops or authorized assistive technology devices.

Students are prohibited from using WCDs to capture, record or transmit the words (i.e. audio) and/or images (i.e., pictures/video) of any student, staff member or other person in the school or while attending a school-related activity, without express prior notice

and explicit consent for the capture, recording or transmission of such words or images. Using a WCD to take or transmit audio and/or pictures/video of an individual without his/her consent is considered an invasion of privacy and is not permitted, unless authorized by the building principal. Students who violate this provision and/or use a WCD to violate the privacy rights of another person shall have their WCD confiscated and ~~held until the end of the school year~~. Are subject to appropriate discipline.

“Sexting” is prohibited at any time on school property or at school functions. Sexting is the electronic transmission of sexual messages or pictures, usually through cell phone text messaging. Such conduct not only is potentially dangerous for the involved students, but can lead to unwanted exposure of the messages and images to others, and could result in criminal violations related to the transmission or possession of child pornography. Such conduct will be subject to discipline and possible confiscation of the WCD.

WCDs, including but not limited to those with cameras, may not be possessed, activated or utilized at any time in any school situation where a reasonable expectation of personal privacy exists. These locations and circumstances include but are not limited to locker rooms, shower facilities, restrooms, classrooms, and any other areas where students or others may change clothes or be in any stage or degree of disrobing or changing clothes. The building principal has authority to make determinations as to other specific locations and situations where possession of a WCD is absolutely prohibited.

**No expectation of confidentiality will exist in the use of WCDs on school premises/property.**

Students are prohibited from using a WCD in any way that might reasonably create in the mind of another person an impression of being threatened, humiliated, harassed, embarrassed or intimidated. See Policy 5517.01 – Bullying and Other Forms of Aggressive Behavior.

Students are also prohibited from using a WCD to capture and/or transmit test information or any other information in a manner constituting fraud, theft, cheating, or academic dishonesty. Likewise, students are prohibited from using their WCDs to receive such information.

Possession of a WCD by a student is a privilege that may be forfeited by any student who fails to abide by the terms of this policy, or otherwise engages in misuse of this privilege.

Violations of this policy may result in disciplinary action and/or confiscation of the WCD. The building principal may also refer the matter to law enforcement if the violation involves an illegal activity (e.g. child pornography). Discipline will be imposed on an escalating scale ranging from a warning to an expulsion based on the number of previous violations and/or the nature of or circumstances surrounding a particular violation. If the WCD is confiscated, it will be released/returned to the student's parent/guardian after the student complies with any other disciplinary consequences that are imposed. Any WCD confiscated by District staff will be marked in a removable manner with the student's name and held in a secure location in the building's central

office until it is retrieved by the parent/guardian. WCDs in District custody will not be searched or otherwise tampered with unless school officials reasonably suspect that the search is required to discover evidence of a violation of the law or other school rules. Any search will be conducted in accordance with Policy **5771** – Search and Seizure. If multiple offenses occur, a student may lose their privilege to bring a WCD to school for a designated length of time or on a permanent basis.

A person who discovers a student in possession of or using a WCD in violation of this policy is required to report the violation to the building principal.

**Students are personally and solely responsible for the care and security of their WCDs. The Board assumes no responsibility for theft, loss, damage, or vandalism to WCDs brought onto its property, or the unauthorized use of such devices.**

Parents/Guardians are advised that the best way to get in touch with their child during the school day is by calling the school office. Students may use school phones to contact parents/guardians during the school day.

### **Violation of individual school/classroom rules**

Each learning environment has different rules for students. Individual rules are for the safe and orderly operation of that environment. Students will be oriented to specific rules, all of which will be consistent with the policy of the school. Persistent violations of rules could result in suspension or expulsion.

### **Violation of bus rules**

Please refer to Section V on transportation for bus rules.

### **Disruption of the educational process**

Any actions or manner of dress that interferes with school activities or disrupts the educational process is unacceptable. Such disruptions also include delay or prevention of lessons, assemblies, field trips, athletic, and performing arts events.

### **Harassment**

Harassment of students is prohibited, and will not be tolerated. This includes inappropriate conduct by other students as well as any other person in the school environment, including employees, board members, parents, guests, contractors, vendors and volunteers. It is the policy of the district to provide a safe and nurturing educational environment for all of its students. This policy applies to all activities on school property and to all school sponsored activities whether on or off school property.

Harassment is defined as inappropriate conduct that is repeated enough, or serious enough, to negatively impact a student's educational, physical or emotional well-being. This would include harassment based on any of the legally protected characteristics, such as sex, race, color, national origin, religion, height, weight, marital status or disability. This policy, however, is not limited to these legal categories and includes any harassment that would negatively impact students.

Harassment through any means, including electronically transmitted methods (e.g., internet, telephone or cell phone, computer or wireless hand held device), may be subject to district disciplinary procedures. Such behavior is considered harassment whether it takes place on or off school property, at any school-sponsored function, or in a school vehicle if it is considered to have a negative impact on the school environment.

Any student who believes they have been/or is the victim of harassment should immediately report the situation to the teacher, the principal or may report it directly to the superintendent at 11107 Washburn Road, Otisville, 48463 phone 591-3980. Complaints will be investigated in accordance with AG 5517.

Every student should, and every staff member must report any situation that they believe to be improper harassment of a student. Reports may be made to those identified in previous paragraph.

If the investigation finds that harassment occurred, then it will result in prompt and appropriate remedial action. This may include up to expulsion for students, up to discharge for employees, exclusion for parents, guests, volunteers and contractors, and removal from any officer, or position and/or a request to resign for board members.

Retaliation against any person for complaining about harassment, or participating in a harassment investigation, is prohibited. Suspected retaliation should be reported in the same manner as harassment. Intentionally false harassment reports, made to get someone in trouble, are also prohibited. Retaliation and intentionally false reports may result in disciplinary action as indicated above.

The following definitions are provided for guidance only. If a student or other individual believes there has been harassment, regardless of whether it fits a particular definition, then they should report it and allow the administration to determine the appropriate course of action.

### **Harassment**

- A. submission to such unwelcomed conduct or communication is made either an explicit or implicit condition of utilizing or benefiting from the services, activities, or programs of the school district
- B. submission to, or rejection of, the unwelcomed conduct or communication is used as the basis for a decision to exclude, expel, or limit the harassed student in the terms, conditions or privileges of the school district
- C. the unwelcomed conduct or communication interferes with the student's education, creates an intimidating, hostile or offensive environment, or otherwise adversely affects the student's educational opportunities. This may include racial slurs, mocking behavior, or other demeaning comments

### **Sexual Harassment may include but is not limited to**

- A. verbal harassment or abuse
- B. pressure for sexual activity
- C. repeated remarks with sexual or demeaning implications
- D. unwelcome touching

- E. sexual jokes, posters, cartoons, etc.
- F. suggesting or demanding sexual involvement, accompanied by implied or explicit threats concerning one's grades, or safety;
- G. a pattern of conduct, which can be subtle in nature, that has sexual overtones and is intended to create or has the effect of creating discomfort and/or humiliation to another;
- H. remarks speculating about a person's sexual activities or sexual history, or remarks about one's own sexual activities or sexual history.

Note - An inappropriate boundary invasion by a District employee or other adult member of the school district community into a student's personal space and personal life is sexual harassment. Further, any administrator, teacher, coach, or other school authority who engages in sexual or other inappropriate physical contact with a student may be guilty of criminal "child abuse" as defined in state law. M. C. L. A. 722.621 et. seq. will follow district guidelines.

### **Hazing**

The Board of Education believes that hazing activities of any type are inconsistent with the educational process and prohibits all such activities at any time in school facilities, on school property, and at any district-sponsored event.

Hazing shall be defined for purposes of this policy as performing any act or coercing another, including the victim, to perform any act of initiation into any class, group, or organization that causes or creates a risk of causing mental, emotional, or physical harm. Permission, consent, or assumption of risk by an individual subjected to hazing shall not lessen the prohibitions contained in this policy.

Hazing – any type of initiation procedure for any school related activity, which involves conduct such as but not limited to

- A. illegal activity, such as drinking or drugs
- B. physical punishment or infliction of pain
- C. intentional humiliation or embarrassment
- D. dangerous activity
- E. activity likely to cause mental or psychological stress
- F. forced detention or kidnapping
- G. undressing or otherwise exposing private body parts

Note - if the school club or organization does not have an official and approved initiation procedure, and if no school staff is involved in the activity, then there is a significant likelihood that the activity may result in violation of this policy.

### **Bullying and Other Aggressive Behavior Toward Students**

It is the policy of the District to provide a safe and nurturing educational environment for all of its students.

This policy protects all students from bullying/aggressive behavior regardless of the subject matter or motivation for such impermissible behavior.

Bullying or other aggressive behavior toward a student, whether by other students, staff, or third parties, including Board members, parents, guests, contractors, vendors, and volunteers, is strictly prohibited. This prohibition includes written, physical, verbal, and psychological abuse, including hazing, gestures, comments, threats, or actions to a student, which cause or threaten to cause bodily harm, reasonable fear for personal safety or personal degradation.

Demonstration of appropriate behavior, treating others with civility and respect, and refusing to tolerate harassment or bullying is expected of administrators, faculty, staff, and volunteers to provide positive examples for student behavior.

This policy applies to all "at school" activities in the District, including activities on school property, in a school vehicle, and those occurring off school property if the student or employee is at any school-sponsored, school-approved or school-related activity or function, such as field trips or athletic events where students are under the school's control, or where an employee is engaged in school business. Misconduct occurring outside of school may also be disciplined if it interferes with the school environment.

### **Notification**

Notice of this policy will be annually circulated to and posted in conspicuous locations in all school buildings and departments within the District and discussed with students, as well as incorporated into the teacher, student, and parent/guardian handbooks. State and Federal rights posters on discrimination and harassment shall also be posted at each building. All new hires will be required to review and sign off on this policy and the related complaint procedure.

Parents or legal guardians of the alleged victim(s), as well as of the alleged aggressor(s), shall be promptly notified of any complaint or investigation as well as the results of the investigation to the extent consistent with student confidentiality requirements. A record of the time and form of notice or attempts at notice shall be kept in the investigation file.

To the extent appropriate and/or legally permitted, confidentiality will be maintained during the investigation process. However, a proper investigation will, in some circumstances, require the disclosure of names and allegations. Further, the appropriate authorities may be notified, depending on the nature of the complaint and/or the results of the investigation.

### **Implementation**

The Superintendent is responsible to implement this policy, and may develop further guidelines, not inconsistent with this policy.

This policy is not intended to and should not be interpreted to interfere with legitimate free speech rights of any individual. However, the District reserves the right and responsibility to maintain a safe environment for students, conducive to learning and other legitimate objectives of the school program.

### **Procedure**

Any student who believes they have been or are the victim of bullying, hazing or other aggressive behavior should immediately report the situation to the Principal. The student may also report concerns to a teacher or counselor who will be responsible for notifying the appropriate administrator or Board official. Complaints against the building principal should be filed with the Superintendent. Complaints against the Superintendent should be filed with the Board President. Complaints can also be filed on our electronically on our website at [www.lakevilleschools.org](http://www.lakevilleschools.org)

Every student is encouraged, and every staff member is required, to report any situation that they believe to be aggressive behavior directed toward a student. Reports shall be made to those identified above. Reports may be made anonymously, but formal disciplinary action may not be taken solely on the basis of an anonymous report.

The Principal (or other administrator as designated) shall promptly investigate and document all complaints about bullying, aggressive or other behavior that may violate this policy. The investigation must be completed as promptly as the circumstances permit after a report or complaint is made.

If the investigation finds an instance of bullying or aggressive behavior has occurred, it will result in prompt and appropriate remedial action. This may include up to expulsion for students, up to discharge for employees, exclusion for parents, guests, volunteers and contractors, and removal from any official position and/or a request to resign for Board members. Individuals may also be referred to law enforcement or other appropriate officials.

The individual responsible for conducting the investigation shall document all reported incidents and report all verified incidents of bullying, aggressive or other prohibited behavior, as well as any remedial action taken, including disciplinary actions and referrals, to the Superintendent. The Superintendent shall submit a compiled report to the Board on an annual basis.

### **Non-Retaliation/False Reports**

Retaliation or false allegations against any person who reports, is thought to have reported, files a complaint, participates in an investigation or inquiry concerning allegations of bullying or aggressive behavior (as a witness or otherwise), or is the target of the bullying or aggressive behavior being investigated, is prohibited and will not be tolerated. Such retaliation shall be considered a serious violation of Board policy, independent of whether a complaint of bullying is substantiated. Suspected retaliation should be reported in the same manner as bullying/aggressive behavior.

Making intentionally false reports about bullying/aggressive behavior for the purpose of getting someone in trouble is similarly prohibited and will not be tolerated. Retaliation and intentionally false reports may result in disciplinary action as indicated above.

### **Prevention/Training**

The District shall provide, and all administrators, school employees, contracted employees and volunteers who have significant contact with students shall undertake annual training on preventing, identifying, responding to, and reporting incidents of bullying and other aggressive behavior.

### **DEFINITIONS**

The following definitions are provided for guidance only. If a student or other individual believes there has been bullying, hazing, harassment or other aggressive behavior, regardless of whether it fits a particular definition, they should report it immediately and allow the administration to determine the appropriate course of action.

**“Aggressive behavior”** is defined as inappropriate conduct that is repeated enough, or serious enough, to negatively impact a student’s educational, physical, or emotional well-being. Such behavior includes, for example, bullying, hazing, stalking, intimidation, menacing, coercion, name-calling, taunting, making threats, and hitting/pushing/shoving.

**“At School”** is defined as in a classroom, elsewhere on school premises, on a school bus or other school related vehicle, or at a school-sponsored activity or event whether or not it is held on school premises. It also includes conduct using a telecommunications access device or telecommunications service provider that occurs off school premises if either owned by or under the control of the District.

**“Bullying”** is defined as any gesture or written, verbal, graphic, or physical act (including electronically transmitted acts – i.e. internet, telephone or cell phone, personal digital assistant (PDA), or wireless hand held device) that, without regard to its subject matter or motivating animus, is intended or that a reasonable person would know is likely to harm one (1) or more students either directly or indirectly by doing any of the following:

- A. substantially interfering with educational opportunities, benefits, or programs of one (1) or more students;
- B. adversely affecting the ability of a student to participate in or benefit from the school district’s educational programs or activities by placing the student in reasonable fear of physical harm or by causing substantial emotional distress
- C. having an actual and substantial detrimental effect on a student’s physical or mental health; and/or
- D. causing substantial disruption in, or substantial interference with, the orderly operation of the school.

Bullying can be physical, verbal, psychological, or a combination of all three. Some examples of bullying are:

- A. Physical – hitting, kicking, spitting, pushing, pulling, taking and/or damaging personal belongings or extorting money, blocking or impeding student movement, unwelcome physical contact.
- B. Verbal – taunting, malicious teasing, insulting, name calling, making threats
- C. Psychological – spreading rumors, manipulating social relationships, coercion, or engaging in social exclusion/shunning, extortion, or intimidation. This may occur in a number of different ways, including but not limited to notes, emails, social media postings, and graffiti.

**“Harassment”** includes, but is not limited to, any act which subjects an individual or group to unwanted, abusive behavior of a nonverbal, verbal, sexual, written or physical nature, often on the basis of age, race, religion, color, national origin, marital status or disability, but may also include sexual orientation, physical characteristics (e.g., height, weight, complexion), cultural background, socioeconomic status, or geographic location (e.g., from rival school, different state, rural area, city, etc.).

**“Instigating”** includes, but is not limited to, intentionally initiating, organizing, prompting, setting up, inducing, encouraging, or urging aggressive behavior between two or more people.

**“Intimidation/Menacing”** includes, but is not limited to, any threat or act intended to: place a person in fear of physical injury or offensive physical contact; to substantially damage or interfere with person's property; or to intentionally interfere with or block a person's movement without good reason.

**“Staff”** includes all school employees and Board members.

**“Third parties”** include, but are not limited to, coaches, school volunteers, parents, school visitors, service contractors, vendors, or others engaged in District business, and others not directly subject to school control at inter-district or intra-district athletic competitions or other school events.

For further definition and instances that could possibly be construed as:

Harassment, see Policy **5517**;

Hazing, see Policy **5516**.

### **Possession of a firearm, arson, and criminal sexual conduct**

In compliance with state law, the board shall permanently expel any student who possesses a dangerous weapon in a weapon-free school zone or commits either arson or criminal sexual conduct in a district building or on district property, including school buses and other school transportation.

A dangerous weapon is defined as "a firearm, dagger, dirk, stiletto, knife with a blade over three (3) inches in length, pocket knife opened by a mechanical device, iron bar, or brass knuckles" or other devices designed to or likely to inflict bodily harm, including, but not limited to, air guns and explosive devices.

Students with disabilities under IDEA or Section 504 shall be expelled only in accordance with board policy 2461 and federal due process rights appropriate to students with disabilities. A student who has been expelled under this policy may apply for reinstatement in accordance with guidelines that are available in the principal's office.

### **Criminal acts**

Any student engaging in criminal acts at or related to the school will be reported to law enforcement officials as well as disciplined by the school. It is not considered double jeopardy (being tried twice for the same crime), when school rules and the law are violated.

Students should be aware that state law requires that school officials, teachers and appropriate law enforcement officials be notified when a student of this district is involved in crimes related to physical violence, gang related acts, illegal possession of a controlled substance, analogue or other intoxicants, trespassing, property crimes, including but not limited to theft and vandalism, occurring in the school, as well as in the community.

### **Safety concerns**

Students should not use roller blades, bicycles, skateboards scooters, or any other form of personal transportation device in school hallways or district pedestrian traffic areas. Exceptions may be made to reasonably accommodate students with mobility impairments. Use of any means of travel within buildings and on grounds by other than generally accepted practices where appropriate is prohibited. Students violating this expectation will be subject to disciplinary action.

### **Profanity**

Any behavior or language, which in the judgment of the staff or administration, is considered to be obscene, disrespectful, vulgar, profane and/or violates community held standards of good taste will be subject to disciplinary action.

### **Student Responsibility Center (SRC) High School, or Opportunity Room (OR) Middle School**

The Student Responsibility Center and the Opportunity Room ~~ha~~ have been created in the Middle and High Schools to reduce the time teachers spend disciplining students who disrupt the learning environment. Students who interrupt class with unacceptable behavior will be sent to the SRC room to reflect on their poor behavior and create a plan for improvement. When a teacher speaks the line "What are you doing?" the student knows that, potentially, the SRC process has begun.

If the behavior of the student does not improve, the student will be sent to the SRC room to develop a plan of improvement. The following is the SRC/OR process:

Teacher asks, "What are you doing?" and goes through the SRC/OR script with the student

If the student is rude, sarcastic or continues to misbehave, this student is sent to SRC.

Student reports to SRC, is seated and given a “Student Responsibility Reflection” to complete when they are calm.

After completing this reflection, the student will devise a plan to improve their behavior by answering guided questions resulting in a “Student Responsibility Contract.”

Student will review the completed reflection and contract with the SRC Supervisor, ~~Principal, or Lead Teacher~~ administrator or Behavioral Interventionist

SRC Supervisor, ~~Principal or Head Teacher~~ administrator or behavior interventionist will discuss the reflection with the student and discuss the need for improved behavior. The SRC Supervisor, ~~Lead Teacher, or Principal~~ administrator or behavior interventionist will call student’s parents.

Student will schedule a brief (1-3 min) meeting with teacher to discuss plan and their return to class. (This meeting must take place before school, after school, during lunch, or during the teacher’s conference period).

Teacher and student will negotiate the student’s return to class based on the student’s plan. SRC has been created to stop unacceptable behavior before discipline is required. However, students who are sent to SRC repeatedly will enter into the discipline process.

**Two types of discipline are possible, informal and formal.**

**Informal Discipline**

Informal discipline takes place within the school. It includes

- create behavior plan to improve behavior
- change of seating or location
- lunch-time/recess or before or after-school detention
- in-school restriction
- discipline referral

Informal discipline procedures apply to behavior that interferes with teaching and learning. Inappropriate or minor behaviors include -

- Inappropriate language such as name calling
- Refusal to follow procedures/directions
- Classroom distractions such as talking, making noises, out-of-seat behaviors, blurting out
- Throwing objects such as paper wads, pencils, erasers, stones, snowballs, pinecones
- Horseplay or roughhousing
- Running, poking, shoving, pushing, sliding, skipping, hair pulling, loitering, climbing, hanging, etc.
- Failure to transport written communication to/from parents
- Spitting
- Unprepared for class
- Poor use of class time

- Lack of cooperation
- Disregard for cafeteria rules and manners
- Loud noises indoors

Informal discipline is progressive. Persistent disobedience will lead to possible suspension from school.

- Warning-talk with student
- Loss of a privilege/parent contact
- Discipline Referral
- Referral to the ~~lead teacher or principal~~ administration

### **Detentions**

1. A student may be detained after school or ~~asked to come to school early~~ at lunch time, after giving the student and their parents one (1) days' notice. The student or their parents are responsible for transportation.
- ~~2.~~ Detention may be assigned by administration or teaching staff.
3. Assignment to the detention room is a form of discipline for deviation from acceptable school standards. Acceptable classroom behavior must be maintained by the student while in detention, or the student may be given additional detention time or be suspended from school. Students will serve detention in a specified location.
4. Students who do not serve their assigned detentions ~~will~~ may be suspended from school until the detention is served.

### **Formal Discipline**

Formal discipline may remove the student from school. It includes emergency removal for up to seventy-two (72) hours, suspension for up to ten (10) school days, and expulsion from school. Suspensions and expulsions may carry over into the next school year. Removal for less than one (1) school day without the possibility of suspension or expulsion may not be appealed. Suspension and expulsion can be appealed.

Students being considered for suspension or expulsion are entitled to an informal hearing with the building administrator prior to removal, at which time the student will be notified of the charges against him/her and given an opportunity to make a defense.

If a student is suspended, the parents may appeal the suspension, in writing, to the superintendent and a formal appeal hearing will be held. Suspension from co-curricular and extracurricular activities may not be appealed.

When a student is being considered for expulsion, a formal hearing is scheduled with the Board of Education and the parents will be given written notice of the hearing and will be expected to attend. The superintendent then takes testimony and determines if a recommendation to expel is to be made to the Board of Education. This decision may also be appealed. In the case of expulsion, the student remains out of school during the appeal period. Work missed during an expulsion cannot be made up and usually results in a loss of credit.

Students involved in co-curricular and extra-curricular activities such as band and athletics can lose their eligibility for violation of the school rules.

If a student commits a crime while at school or a school-related event, s/he may be subject to school disciplinary action as well as to action by the community's legal system. These are separate jurisdictions and do not constitute double jeopardy (being tried twice for the same crime).

### **Suspension by the teacher from one class**

A teacher may suspend a student from his/her class, subject or activity for up to one class period in accordance with state law (Section 1309 of the Revised School Code) and the LakeVille Student Code of Conduct for conduct that poses a clear threat of imminent injury to persons or property. This provision does not permit teachers to suspend students for one full day, but only to suspend students from the individual teacher's class, subject, or activity for one school day.

Special education students are only subject to discipline consistent with the Individuals with Disabilities Education Act (IDEA) 2004.

## **DUE PROCESS RIGHTS**

Before a student may be suspended or expelled from school, there are specific procedures that must be followed. For purposes of this policy a short term suspension is defined as "a suspension of not more than ten (10) days. A long term suspension is defined as a suspension of more than ten (10) days. The Board designates the Superintendent as its representative at any hearings regarding the appeal of suspensions.

### **Short-term Suspensions from School**

When a student is being considered for a suspension of ten (10) days or less, the administrator in charge will notify the student of the charges. The student will then be given an opportunity to explain his/her side and the administrator will then provide the student with the evidence supporting the charges. After that informal hearing, the principal will make a decision whether or not to suspend. If a student is suspended, they and their parents will be notified, within one (1) day, of the reason for and the length of the suspension. The suspension may be appealed in writing, within two (2) school days after receipt of the suspension notice, to the building principal.

During the appeal process, the student shall not be allowed to remain in school. The appeal shall be conducted in a private meeting and the student may be represented. Sworn, recorded testimony shall be given. The principal will reach a decision and inform the parents in writing within ten (10) school days after the receipt of the written request. The decision of the principal may be appealed in writing to the superintendent within two (2) school days of the parents' receipt of the decision. The superintendent will reach a decision and inform the parents in writing within ten (10) school days after the receipt of the written request. The superintendent's decision shall be considered final. The parents may appeal to the Board only in cases of alleged violation of due process by the superintendent. Any change in the length of the student's suspension as a result of the appeal will be corrected in the student's disciplinary record.

When a student is suspended, they may makeup work missed while on suspension. Any learning that cannot be made up such as labs, field trips, skill-practices, or any learning that the student chooses not to make-up may be reflected in the grades earned. A student being considered for suspension of more than ten (10) days will be given due process as described in the expulsion section below.

### **Long-term suspension or expulsion from school**

If, in the principal's opinion or as required by statute, the alleged infraction warrants a long-term suspension or expulsion, they shall refer the case to the superintendent.

When a student is being considered for long-term suspension (more than ten (10) days) or expulsion, the student will receive a formal letter of notification addressed to the parents which will contain -

- the charge and related evidence
- the time and place of the board meeting
- the length of the recommended suspension or a recommendation for expulsion
- a brief description of the hearing procedure
- a statement that the student may bring parents, guardians, and counsel
- a statement that the student and/or parent may bring a translator or request a transfer for hearing impaired students or parents
- a statement that the student may give testimony, present evidence, and provide a defense
- a statement that the student may request attendance of school personnel who were party to the action or accused the student of the infraction
- the ability of the student and/or parent to request, potentially at their own cost, a transcript of the hearing, if board hearing officer approved.

Students being considered for long-term suspension or expulsion may or may not be immediately removed from school. A meeting with the parent(s) and student may be scheduled with the superintendent at the request of the parents or superintendent prior to the hearing before the Board. The superintendent shall review the evidence presented by the parent(s) and either concur with the recommendation of the administrator or modify the recommended discipline. The superintendent shall forward his/her recommendation to the Board of Education for final disposition.

The school makes a sincere effort to have disciplinary actions take place that will allow the student to remain in school. If a disciplinary action does not result in removal from school, then it cannot be appealed. Should a student or parent have questions regarding the propriety of an in-school disciplinary action, they should contact the superintendent.

### **Discipline of students with disabilities**

Students with disabilities are entitled to the rights and procedures afforded by the Individuals with Disabilities Education Act (I.D.E.A.) and the Americans with Disabilities Act (A.D.A.).

## **SEARCH AND SEIZURE**

Search of a student and his/her possessions, including vehicles, may be conducted at any time the student is under the jurisdiction of the Board of Education, if there is a reasonable suspicion that the student is in violation of law or school rules. A search may also be conducted to protect the health and safety of others. All searches may be conducted with or without a student's consent.

Students are provided lockers, desks, and other equipment in which to store materials. It should be clearly understood that this equipment is the property of the school and may be searched at any time if there is reasonable suspicion that a student has violated the law or school rules. Locks are to prevent theft, not to prevent searches. If student lockers require student-provided locks, each student must provide the lock's combination or key to the principal. Book bags need to be of appropriate size to fit in lockers. Book bags are not permitted in any classroom and are subject to search if the safety of the school is of concern. Permanent stickers and graffiti are not allowed on lockers.

In an effort to keep our high school free of drugs, school authorities may use specially trained, non-aggressive dogs to sniff out and alert staff to the presence of illegal controlled substances in school lockers and in student vehicles parked on district premises. Such inspections by school authorities and trained dogs may be announced or unannounced and may be made at any time.

**Lakeville Community School buildings and grounds are equipped with a video surveillance system. The parking lots and public areas are monitored and recorded. The footage will be used by administration for safety and discipline. Privacy rights will be protected. Students must not enter the building outside of school hours unless accompanied by a school official or staff member.**

Anything that is found in the course of a search that may be evidence of a violation of school rules or the law may be taken and held or turned over to the police. The school reserves the right not to return items which have been confiscated. In the course of any search, students' privacy rights will be respected regarding any items that are not illegal or against school policy.

All computers located in classrooms, labs and offices of the district are the district's property and are to be used by students, where appropriate, solely for educational purposes. The district retains the right to access and review all electronic, computer files, databases, and any other electronic transmissions contained in or used in conjunction with the district's computer system, and electronic mail. Students should have no expectation that any information contained on such systems is confidential or private.

Review of such information may be done by the district with or without the student's knowledge or permission. The use of passwords does not guarantee confidentiality, and the district retains the right to access information in spite of a password. All passwords or security codes must be registered with the instructor. A student's refusal to permit such access may be grounds for disciplinary action.

## **STUDENT RIGHTS OF EXPRESSION**

The school recognizes the right of students to express themselves. With the right of expression comes the responsibility to do it appropriately. Students may distribute or display, at appropriate times, non-sponsored, noncommercial written material and petitions, buttons, badges, or other insignia, clothing, insignia, banners, audio and video materials. All items must meet the following school guidelines:

- A. A material cannot be displayed if it
  1. Is obscene to minors, libelous, indecent and pervasively or vulgar
  2. Advertises any product or service not permitted to minors by law
  3. Intends to be insulting or harassing
  4. Intends to incite fighting or presents a likelihood of disrupting school or a school event
  5. Presents a clear or present likelihood that, either because of its content or manner of distribution or display, it causes or is likely to cause a material and substantial disruption of school or school activities, a violation of school regulations, or the commission of an unlawful act
- B. Materials may not be displayed or distributed during class periods or during passing times between classes. Permission may be granted for display or distribution during lunch periods and after school in designated locations, as long as exits are not blocked and there is proper access and egress to the building.

Students who are unsure whether or not materials they wish to display meet school guidelines may present them to the principal twenty-four (24) hours prior to display.

## **STUDENT CONCERNS, SUGGESTIONS, AND GRIEVANCES**

The school is here for the benefit of the students. The staff is here to assist each student in becoming a responsible adult. If a student has suggestions that could improve the school, then s/he should feel free to offer them. Written suggestions may be presented directly to the principal or to the student government.

When concerns or grievances arise, the best way to resolve the issue is through communication. No student will be harassed by any staff member or need fear reprisal for the proper expression of a legitimate concern. Any suggestions, concerns, and grievances may be directed to the principal or to the student government.

A student may have the right to a hearing if the student believes s/he has been improperly denied participation in a school activity or has been subjected to an illegal rule or standard. A student may not petition to have a change in grade.

The safety of students is our primary concern. To insure their safety, **everybody** (bus drivers, students and parents) must cooperate.

Any action not covered below but considered disruptive shall be handled as a violation of the bus rules and regulations. Exclusion from the list shall not be interpreted as limiting the

school's authority in dealing with any type of infraction that may not be in the best interest of the safety and welfare of the students of the LakeVille Community Schools.

### **SCHOOL BUS RULES AND REGULATIONS**

1. Only students eligible for transportation will be permitted to ride the buses.

### **Driving to school**

Parking on school property is a privilege which can be revoked at any time. Students who are provided the opportunity to ride school transportation are encouraged to do so. Students and their parents assume full responsibility for any transportation to and from school not officially provided by the school.

The following rules shall apply -

- Students under age eighteen (18) must have written parental permission prior to driving to school.
